WHEREAS, once the individual is actively participating in a partner program, their case manager submits an application on their behalf to the Public Defender's Office which is then reviewed for the open cases or convicted matters with fines and fees owed; and

WHEREAS, if the individual appears appropriate, their case is referred to the District Attorney's Office for a background check; and

WHEREAS, at a quarterly meeting, the individual is reviewed by all members of the committee to determine if they are ready for CORP through a series of topics; and

WHEREAS, if the individual is accepted into CORP, their low-level misdemeanors and infractions are dismissed as well as suspension of fines and fees already owed for convicted cases; and

WHEREAS, since implemented there have been 89 graduates of 91 participants with 27 misdemeanors/infractions dismissed equating to \$234,830.08 in fines and fees dismissed; and

WHEREAS, a research partnership was developed with Dr. Cody Telep, Assistant Professor for the School of Criminology & Criminal Justice with Arizona State University, to survey participants and determine and document the success of the program; and;

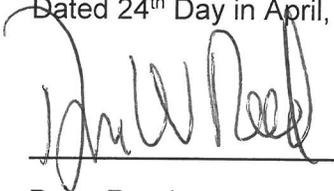

WHEREAS, the Coachella Valley Association of Governments (CVAG) Homelessness and Public Safety Committees recognizes its proven success and has gained support from regional stakeholders; and

WHEREAS, the CVAG Executive Committee would like to encourage its member jurisdictions to participate and implement the CORP program in their cities; and

WHEREAS, CORP can be utilized by all citizens of the Coachella Valley and include additional partner providers to assist individuals out of homelessness that qualify through the CORP stakeholder groups; and

THEREFORE, BE IT RESOLVED, that the CVAG Executive Committee supports the CORP for expansion in the Coachella Valley.
