**Re: GreenSpring Capital/Eric Keillor
Reference Letter**

To Whom It May Concern:

This letter is being written to address the integrity of GreenSpring Capital (“GSC”) and it’s principal. Our company as well as our affiliate companies have had the pleasure of being involved in many real estate transactions with GSC over the last several years. I cannot speak highly enough about our dealings with Eric Keillor and his team who have proven to be responsive, methodical, detailed and resourceful. GSC’s performance is the reason that we continue to do business with them.

Eric Keillor has proven to be able to navigate through some very interesting and sophisticated real estate transactions which have included due diligence on well located in-fill land deals, underwriting and facilitator of the sale of a sizable harbor marina and countless real estate secured financing transactions.

Far West Industries is a homebuilding and real estate development company that has been in business since 1977. Our company would seriously consider developing real estate with GSC if the right opportunity is presented to us.

Should you have any questions about the general statements contained in this letter, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Scott Lisoy".
