Here is what I had mailed last night. I blind CC'd Mark at his personal e-mail and Stan at his city gov. address. No response... like I said probably only way we will get a response is once Charlie puts this e-mail into the meeting packet and Alan sees it and shares it then we will know it has been read.

Why does the city enable people like him to abuse people and then reward them with city tax dollars?

This is the guy who has 2 items on this coming Wednesday's special city council meeting agenda. This is the guy who wants \$4,500.00 for the Agnes Pelton Society Art Tour and \$100.00 a meeting to host Karen Riley's SCRAP Gallery classes in his Yoga Studio and Gallery. Remember the city pays Karen Riley \$4,500.00 a MONTH for her "art programs." Let Karen pay for her classes space rent!

Simeon also on a regular basis on social media has called. women Cunts, and other's pigs.
