**Dear Sir,**

**As you consider a new districting plan for our city, please keep our area in District 2, or at least in District 1. It is the right plan for our region.**

**Thank you.**

**Sincerely,**

**Mrs. Melba Poure**

**P.S. I have resided here since 1996.**

August 30, 2017

Dear Mr. McClendon,

Any redistricting plan for our city should include the area in which I live with adjacent properties, not with areas in the very northern section of the city as proposed at this time. Please keep this in mind when you consider the new plan.

I am very concerned about being "lumped" into the north section around the I-10 and even north of that.

Best wishes,

David Ariffin

Charlie McClendon, City Manager

68-700 Avenida Lalo Guerrero

Cathedral City 92234

Dear Sir,

It has come to my attention that you are considering a redistricting plan which would put much of my neighborhood in the same district as the far north of our city Please keep our area consistent with other properties in this area, south of Dinah Shore.

Ron Stephenson

Dear Mr. McClendon,

Any redistricting plan for our city should include the area in which I live with adjacent properties, not with areas in the very northern section of the city. Please keep this in mind when you consider the new plan.

I relocated to Cathedral City from Palm Springs two years ago. It matters to me what district my new home is in.

Best wishes

Michael Wallman
