Item No: 4.A.

Planning Commission

MEETING DATE: 10/5/2016

CASE NO. Conditional Use Permit No. 16-022

APPLICANT: Cathedral City Collective, Vietnam Nguyen

LOCATION: 36385 Bankside Drive (APN: 687-311-010)

REQUEST: Consider a Conditional Use Permit Application to establish a medical cannabis business (dispensary and cultivation site) within an existing industrial building in the CBP-2 (Commercial Business Park) Zoning District located at 36385 Bankside Drive.

STAFF PLANNER:

Pat Milos, Community Development Director

RECOMMENDATION:

APPROVE an exemption to the California Environmental Quality Act (CEQA) pursuant to Section No. 15301, Class No. 1 (Existing Facilities).

APPROVE Conditional Use Permit No. 16-022 subject to the attached Conditions of Approval and based on the findings contained in the staff report.

FINDINGS:

APPROVAL OF AN EXEMPTION TO CEQA based on the finding that the project qualifies as Categorically Exempt under Section No. 15301, Class No. 1 (Existing Facilities) of the State CEQA Guidelines.

APPROVAL OF CONDITIONAL USE PERMIT NO. 16-022, subject to the attached conditions of approval, and based on the following findings:

1. The applicant has been granted a local license (MCL No. 16-002) in accordance with Chapter 5.88 of the Cathedral City Municipal Code (CCMC).

2. The medical cannabis business to be located at 36385 Bankside Drive in the CBP-2 Zoning District is authorized as a conditional use per the City of Cathedral City Zoning Ordinance, Chapter 9.36.

File #: 2016-399

3. The medical cannabis business as well as all operations as conducted therein, fully complies with all applicable building, electrical, zoning and fire codes, accessibility requirements of the Americans with Disability Act (ADA), and all relevant City and State Law.

4. The medical cannabis business fully complies with and meets all operating criteria required pursuant to State Laws, Chapter 5.88 of the CCMC, any other provisions of the CCMC, and any specific, additional operating procedures and measures as may be imposed as part the conditions of approval in this conditional use permit.

5. The number, type, and availability of dispensaries located in or near the proposed licensed premises is such that the issuance of a conditional use permit to the Applicant will not result in or add to an undue concentration of Dispensaries and/or result in a need for additional law enforcement resources.

6. The medical cannabis business is necessary or desirable for the development of the community, is in harmony with the various elements or objectives of the general plan, and is not detrimental to existing uses or to uses specifically permitted in the zone in which the proposed use is to be located.

7. The site for the medical cannabis business is adequate in size and shape to accommodate such use and any and all of the yards, setbacks and walls or fences, landscaping and other features required in order to adjust such use to those existing or permitted future uses on land in the neighborhood.

8. The site for the medical cannabis business relates properly to streets and highways which are designed and improved to carry the type and quantity of traffic generated or to be generated by the proposed use.

9. The applicant agrees to comply with any and all of the conditions imposed by the Planning Commission or be subject to a revocation hearing.

BACKGROUND:

As the Planning Commission is aware, the City Council recently enacted a number of ordinances allowing for the establishment of medical cannabis businesses (dispensaries, cultivation sites and manufacturing sites) within certain zoning districts of the City, subject to a Conditional Use Permit (CUP). The ordinances regulating medical cannabis businesses are codified at CCMC Chapters 5.88 and 9.108 (the "Ordinance").

Under the ordinance, medical cannabis businesses are required to obtain both a medical cannabis license (local license) and CUP. For the local license, applicants are required to submit various documents such as the ownership structure of the medical cannabis business, a general description of the products and services to be provided and security and delivery plans. In addition, all owners, directors, officers and persons who are managing or otherwise responsible for the activities of a

proposed medical cannabis business must submit to a background check. The City Manager, or his designee, shall decide whether to approve or deny a local license application.

The Local License application for a dispensary and cultivation site was submitted on April 1, 2016. The Conditional Use Permit was submitted on June 21, 2016. The Local License application was reviewed by staff including the Police Department, the background check completed and the license was granted on August 17, 2016 (see Attachment 4).

There are no exterior changes proposed to the building. Therefore, no review from the Architectural Review Subcommittee is needed. The Planning Commission will take final action on this matter unless it is appealed to the City Council.

ANALYSIS:

The project site is located within the CBP-2 (Commercial Business Park) Zoning District. The surrounding uses include automobile repair and body shops, service commercial businesses and a recently approved medical cannabis business. The industrial building where the dispensary and cultivation site will be located is comprised of an existing one-story building. Pursuant to CCMC section 9.108.090, a combined dispensary and cultivation site may only be located within the I-1 (Light Industrial), CBP-2 (Commercial Business Park) and PCC (Planned Community Commercial) Zoning Districts.

Furthermore, no combined dispensary and cultivation site shall be located: a) within six-hundred (600) feet of a school, day care center, or youth center; or b) within two hundred and fifty (250) feet of East Palm Canyon Drive or a residential zone. Staff has confirmed that the subject location does not violate any of the applicable location restrictions set forth in the CCMC.

The stand-alone building is approximately 7,743 square feet. The applicant will occupy the entire building with the cultivation portion proposed to utilize approximately 5,502 square feet, the dispensary portion will be approximately 981 square feet and the remaining ancillary areas will be approximately 1,260 square feet.

There are no exterior changes or the addition of square footage proposed to the building. Therefore, there are no issues with setbacks, building height or number of parking spaces. However, upon inspection of the site, there are a number of other concerns that the applicant has agreed to address and have been incorporated into the Conditions of Approval:

1. A new trash enclosure shall be constructed per City standard.

2. The existing parking area shall be repaved, parking stalls striped and signed, and all existing broken or damaged sidewalk, curb, gutter and drive approaches replaced and/or repaired.

4. The existing ADA parking stalls shall be restriped and properly signed and an ADA compliant path of travel added.

File #: 2016-399

5. The landscaping shall be renovated to comply with current City design standards and requirements.

6. Illuminated building address numbers, a minimum of 12" in height, shall be placed on the building.

7. The building shall be repainted and touched up as necessary.

8. The existing chain link fence along the rear property line shall be replaced with either a tubular steel fence or block wall.

9. The palm tree located within the driveway area shall be removed.

ENVIRONMENTAL ANALYSIS:

Categorical Exemption under Section No. 15301, Class No. 1 (Existing Facilities) of the State CEQA Guidelines, which allows tenant improvements in existing buildings to be exempt. Since there is no outside expansion, this gualifies for a Class No. 1 Exemption.

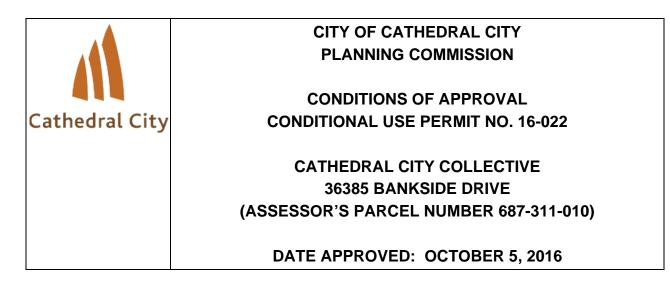

NOTE: The City of Cathedral City Planning Department is custodian of the documents or other material, which constitute the record of proceedings upon which this decision is based.

PUBLIC NOTIFICATION:

This project and the environmental determination were noticed in accordance with the City Municipal Code and CEQA (see Attachment 5).

ATTACHMENTS:

- Attachment 1: Conditions of Approval
- Attachment 2: Site Plan
- Attachment 3: Floor Plan
- Attachment 4: Local License
- Attachment 5: Public Hearing Notice

SECTION 1 ADMINISTRATIVE CONDITIONS

- **1.1** Approval of the medical cannabis (dispensary and cultivation site) within an existing commercial building is preliminary only. All final working drawings for tenant improvements, if any, shall be submitted to and approved by the Planning and Building Departments prior to issuance of building permits. The development of the property shall conform substantially to the following conditions of approval.
- **1.2** Any deviation from these plans or this approval shall be submitted to the City Planner for review and approval.
- **1.3** This approval shall be valid for two years from date of approval, unless extended, pursuant to the Zoning Ordinance.
- **1.4** No Certificate of Occupancy shall be granted until all conditions of approval have been satisfied.
- **1.5** The development of the site shall conform to all ordinances, codes, regulations, policies and development design controls pursuant to the Cathedral City Municipal Code taking effect prior to issuance of any building permits.

SECTION 2 FEES

2.1 The Applicant shall pay all applicable City of Cathedral City fees, charges and other costs as prescribed by City Ordinance, including development impact fees. Be advised that the fees may change at the time they become due and payable, as permitted by applicable law.

NOTICE TO APPLICANT: Pursuant to Government Code Section 66020(d)(1), the 90 day period to protest the imposition of any impact fee, dedication, reservation, or other exaction described in this resolution begins on the effective date of this approval and any such protest must be in a manner that complies with Section 66020(a), and failure to follow this procedure in a timely manner will bar any subsequent legal action to attack, review, set aside, void or annul imposition.

The right to protest the fees, dedications, reservations, or other exactions does not apply to planning, zoning, grading, or other similar application processing fees or service fees in connection with this project. It further does not apply to any fees, dedication, reservations, or exactions for which the applicant has been given a notice similar to this, nor does it revive challenges to any fees for which the Statute of Limitations has previously expired.

SECTION 3 PLANNING

- **3.1** The applicant shall complete the following items prior to the issuance of the Certificate of Occupancy:
 - a. Building address numbers, a minimum of 12" in height, shall be placed on the building, plainly visible from the public street, and be internally or externally illuminated.
 - b. The parking area shall be repaved, parking stalls striped and signed, and all broken or damaged sidewalk, curb, gutter and drive approaches replaced and/or repaired as determined by the City Engineer.
 - c. A new trash enclosure shall be constructed per City standard.
 - d. Landscaping shall be renovated to comply with current City design standards and requirements.
 - e. Any existing chain link fence along the property line shall be completely removed and replaced with a tubular steel fence or block wall.
 - f. All existing exterior lighting shall be shielded to prevent spillover to adjacent properties.
 - g. The existing building will be repainted and/or touched up as necessary, and to the satisfaction of the City Planner.
 - h. All existing windows, doors, and storefront opening shall be properly secured to the satisfaction of the Police Department.
 - i. The building shall be connected to the public sewer system.
 - j. The existing palm tree located within the drive approach/driveway area (drive approach to the east side of the building) shall be removed.
 - k. The existing ADA parking stalls shall be restriped and properly signed and an ADA compliant path of travel added.
 - I. A sidewalk shall be installed along the entire frontage of the property (along Bankside Drive) to the satisfaction of the City Engineer.
- **3.2** Any and all window and door security devices such as metal bars, gates and shutters shall be installed within the interior of the building and screened from the public street to the satisfaction of the Planning Manager.
- **3.3** If exterior windows and doors are removed and filled in, the finish materials shall be architecturally consistent with the existing elevations including details such as

stone veneer, expansion joints, texture and colors. All construction proposals shall be submitted to the Planning Department for review and approval prior to starting any associated demolition and/or construction.

- **3.4** Signage is not a part of this approval and shall require a separate Sign Permit.
- **3.5** The applicant shall comply with all applicable provisions of the Cathedral City Municipal Code (CCMC) relating to medical cannabis businesses, including but not limited to those provisions of Chapters 3.48, 5.88 and 9.108, as they may be amended from time to time.
- **3.6** The applicant shall install or provide a sufficient odor absorbing ventilation and exhaust system so that odor generated inside the Medical Cannabis Business that is distinctive to its operation is not detected outside the Medical Cannabis Business, anywhere on adjacent property or public rights-of-way, on or about any exterior or interior common area walkways, hallways, breeze-ways, foyers, lobby areas, or any other areas available for common use by tenants or the visiting public, or within any other unit located within the same building as the Medical Cannabis Business. As such, Medical Cannabis Businesses must install and maintain the following equipment or any other equipment which the Local Licensing Authority determines has the same or better effectiveness:
 - 1. An exhaust air filtration system with odor control that prevents internal odors from being emitted externally; or
 - 2. An air system that creates negative air pressure between the Medical Cannabis Businesses' interior and exterior so that the odors generated inside the Medical Cannabis Business are not detectable outside the Medical Cannabis Business.
- **3.7** The Applicant or its legal representative shall execute an agreement indemnifying and holding the City harmless from any and all claims, damages, legal or enforcement actions, including, but not limited to, any actions or claims associated with violation of federal law associated with the operation of the Medical Cannabis Business. This Agreement must be executed as a prerequisite and prior to the issuance of the Certificate of Occupancy.
- **3.8** The Applicant or its legal representative shall maintain insurance in the amounts and of the types that are acceptable to the City pursuant to guidelines and policies set forth by the Local Licensing Authority. Evidence of such insurance must be satisfied as a prerequisite to and prior to the issuance of the Certificate of Occupancy.
- **3.9** The Applicant or its legal representative shall name the City as an additionally insured and certificate holder on all City-required insurance policies. Evidence of such insurance must be satisfied as a prerequisite to and prior to the issuance of the Certificate of Occupancy.
- **3.10** The Applicant or its legal representative shall agree to defend, at its sole expense, any action against the City, its agents, officers, and employees related to the approval of the Local License, Conditional Use Permit or the operation of the Medical Cannabis Business.

- **3.11** The Applicant or its legal representative shall agree to reimburse the City for any court costs and attorney fees that the City may be required to pay as a result of any legal challenge (or federal enforcement action) related to the City's approval of a Conditional Use Permit. The City may, at its sole discretion, participate at its own expense in the defense of any such action, but such participation shall not relieve the operator of its obligation hereunder.
- **3.12** The Medical Cannabis Business as well as all operations as conducted therein shall comply with all applicable building, electrical, zoning and fire codes, accessibility requirements of the Americans with Disability Act, and all relevant City and State Law.
- **3.13** The Medical Cannabis Business shall comply with and meet all operating criteria required pursuant to State Laws, Chapter 5.88 of the CCMC, any other provisions of the CCMC, and any specific, additional operating procedures and measures as may be imposed as conditions of approval in the Conditional Use Permit.
- **3.14** Community Development Director or Police Department approval of all security features is required prior to the issuance of a Certificate of Occupancy and/or operation of the medical cannabis business.
- **3.13** Security cameras shall be installed in compliance with the floor plan submitted with the subject application. Such cameras shall be maintained in good condition, and used in an on-going manner with at least 120 hours of digitally recorded documentation in a format approved by the Community Development Director (the "Director"). The cameras shall be in use 24 hours per day, 7 days per week. The areas to be covered by the security cameras shall include, but are not limited to, the public areas, storage areas, all doors and windows, and any other areas as determined to be necessary by the Director and/or the Chief of Police to an extent sufficient to ensure the safety of persons and deter crime.
- **3.14** The Cannabis Facility shall be alarmed with an audible interior and exterior alarm system that is operated and monitored by a recognized security company licensed by the Department of Consumer Affairs, Bureau of Security & Investigative Services. Any change in the security company shall be subject to the approval of the Director.
- **3.15** The Cannabis Facility entrance(s) and all window areas shall be illuminated during evening hours. The applicant shall comply with the City's lighting standards regarding fixture type, wattage, illumination levels, shielding, etc., and secure the necessary approvals and permits as needed.
- **3.16** All windows on the building that houses the Cannabis Facility shall be appropriately secured and all marijuana securely stored.
- **3.17** The applicant shall maintain a current register of the names of all volunteers and employees currently working at or employed by the Cannabis Business.
- 3.18 Medical Cannabis shall be kept in a secured manner during business and non-

business hours, in accordance with the required security plan.

- **3.19** The applicant shall have an electronic point of sale system that produces historical transactional data for review by the City Manager for auditing purposes. An "electronic point of sale system" shall mean an electronically operated register or computer system that produces an electronic or automatic paper record for all transactions associated with any product sold, rented or otherwise provided to the facility's members or purchased or received from them.
- **3.20** The applicant must pay any applicable sales tax pursuant to federal, state, and local law.
- **3.21** On-site smoking, ingestion, or consumption of Marijuana or Alcohol shall be prohibited on the premises, including the actual building, as well as any accessory structures, common areas and parking areas. Each building entrance shall be clearly and legibly posted with a notice indicating that smoking, ingesting, or consuming marijuana on the premises or in the vicinity is prohibited and a violation of the Cathedral City Municipal Code.
- **3.22** Alcoholic beverages shall not be sold, provided, stored, distributed, or consumed on the premises. Neither the applicant nor its related Collective or Cooperative shall hold or maintain a license from the State Department of Alcohol Beverage Control to sell alcoholic beverages, or operate a business that sells alcoholic beverages.
- **3.24** The building in which the medical cannabis business is located as well as all operations as conducted therein, shall fully comply with all applicable rules, regulations, and laws including, but not limited to, zoning and building codes, Chapter 3.28 of the CCMC requiring application and issuance of a business license, the Revenue and Taxation Code, the Americans with Disabilities Act, and all applicable Federal, State and Local mandates.
- **3.25** The applicant shall fully comply with and meet all operating criteria required pursuant to State Laws, the provisions of this Code, and any specific, additional operating procedures and measures as may be imposed as these conditions of approval, in order to ensure that the operation of the Cultivation Site is consistent with the protection of the health, safety, and welfare of the community.
- **3.26** The Applicant shall prepare, Implement and make available a written Hazardous Materials Management Plan to include a listing of all hazardous products, chemicals, fertilizers, herbicides, pesticides, lubricants, flammable liquids, bleaches, cleaning supplies, aerosols, etc. that will be stored, or in use on the site and the related Material Data Safety Sheets (MSDS). Ensure safe and proper storage of chemicals and products in accordance with all applicable local, state and federal laws. Insure that when handling hazardous materials use of appropriate personal protective equipment (PPE) is available and used properly. A copy of the Hazardous Materials Management Plan shall be subject to review and approval by the Director.

- **3.27** The Applicant shall provide the names and phone numbers for after hours and weekend contact of responsible parties, who can respond to the facility in the event of a fire or hazardous materials incident and prepare a response plan to address spills and releases of hazardous materials.
- **3.28** The Applicant shall provide the employees with the name and location and phone number of the nearest medical facility to be used in an emergency.
- **3.29** The Applicant shall provide the employees with the name and emergency phone number for the nearest private Hazardous Material Response Company, to clean-up and dispose of spilled hazardous product or waste at the facility.
- **3.30** The Applicant shall post the emergency phone number 9-1-1, for the Cathedral City Fire Department, at the facility.
- **3.31** The Applicant shall update the Hazardous Material Management Plan annually and more frequently if changes in personnel, products or equipment significantly alter the threat to human health or the environment. All such changes are subject to review and approval by the Director.
- **3.32** The Applicant shall provide a plan and proof of coordination with the Regional Water and Waste Water treatment provider to determine appropriate pretreatment procedures, if any, required for industrial effluent from the facility.
- **3.33** The Applicant shall develop and implement an Occupational Health and Safety Administration (OSHA) Hazard Communication Program training program including proper site placarding, record keeping, and emergency notification and reporting procedures.
- **3.34** The Applicant shall fully comply with the Environmental Plan and Emergency Response Plan submitted with their application, and shall update such plans annually and more frequently if determined to be appropriate by the Director. All such changes are subject to review and approval by the Director.
- **3.35** Project shall comply with the most recently adopted version of the California Building Standards Code (Title 24, California Code of Regulations) in effect in Cathedral City and other adopted City Ordinances which include the following:
 - a. CA Building Code
 - b. CA Plumbing Code
 - c. CA Mechanical Code
 - d. CA Electrical Code
 - e. CA Fire Code
 - f. CA Green Building Standards Code
 - g. CA Energy Code
 - h. Chapter 8.34 of the Municipal Code: Building Security

3.36 The development of the site shall conform to all ordinances, codes, regulations, policies and development design controls pursuant to the Cathedral City Municipal Code.

SECTION 4 FIRE PROTECTION

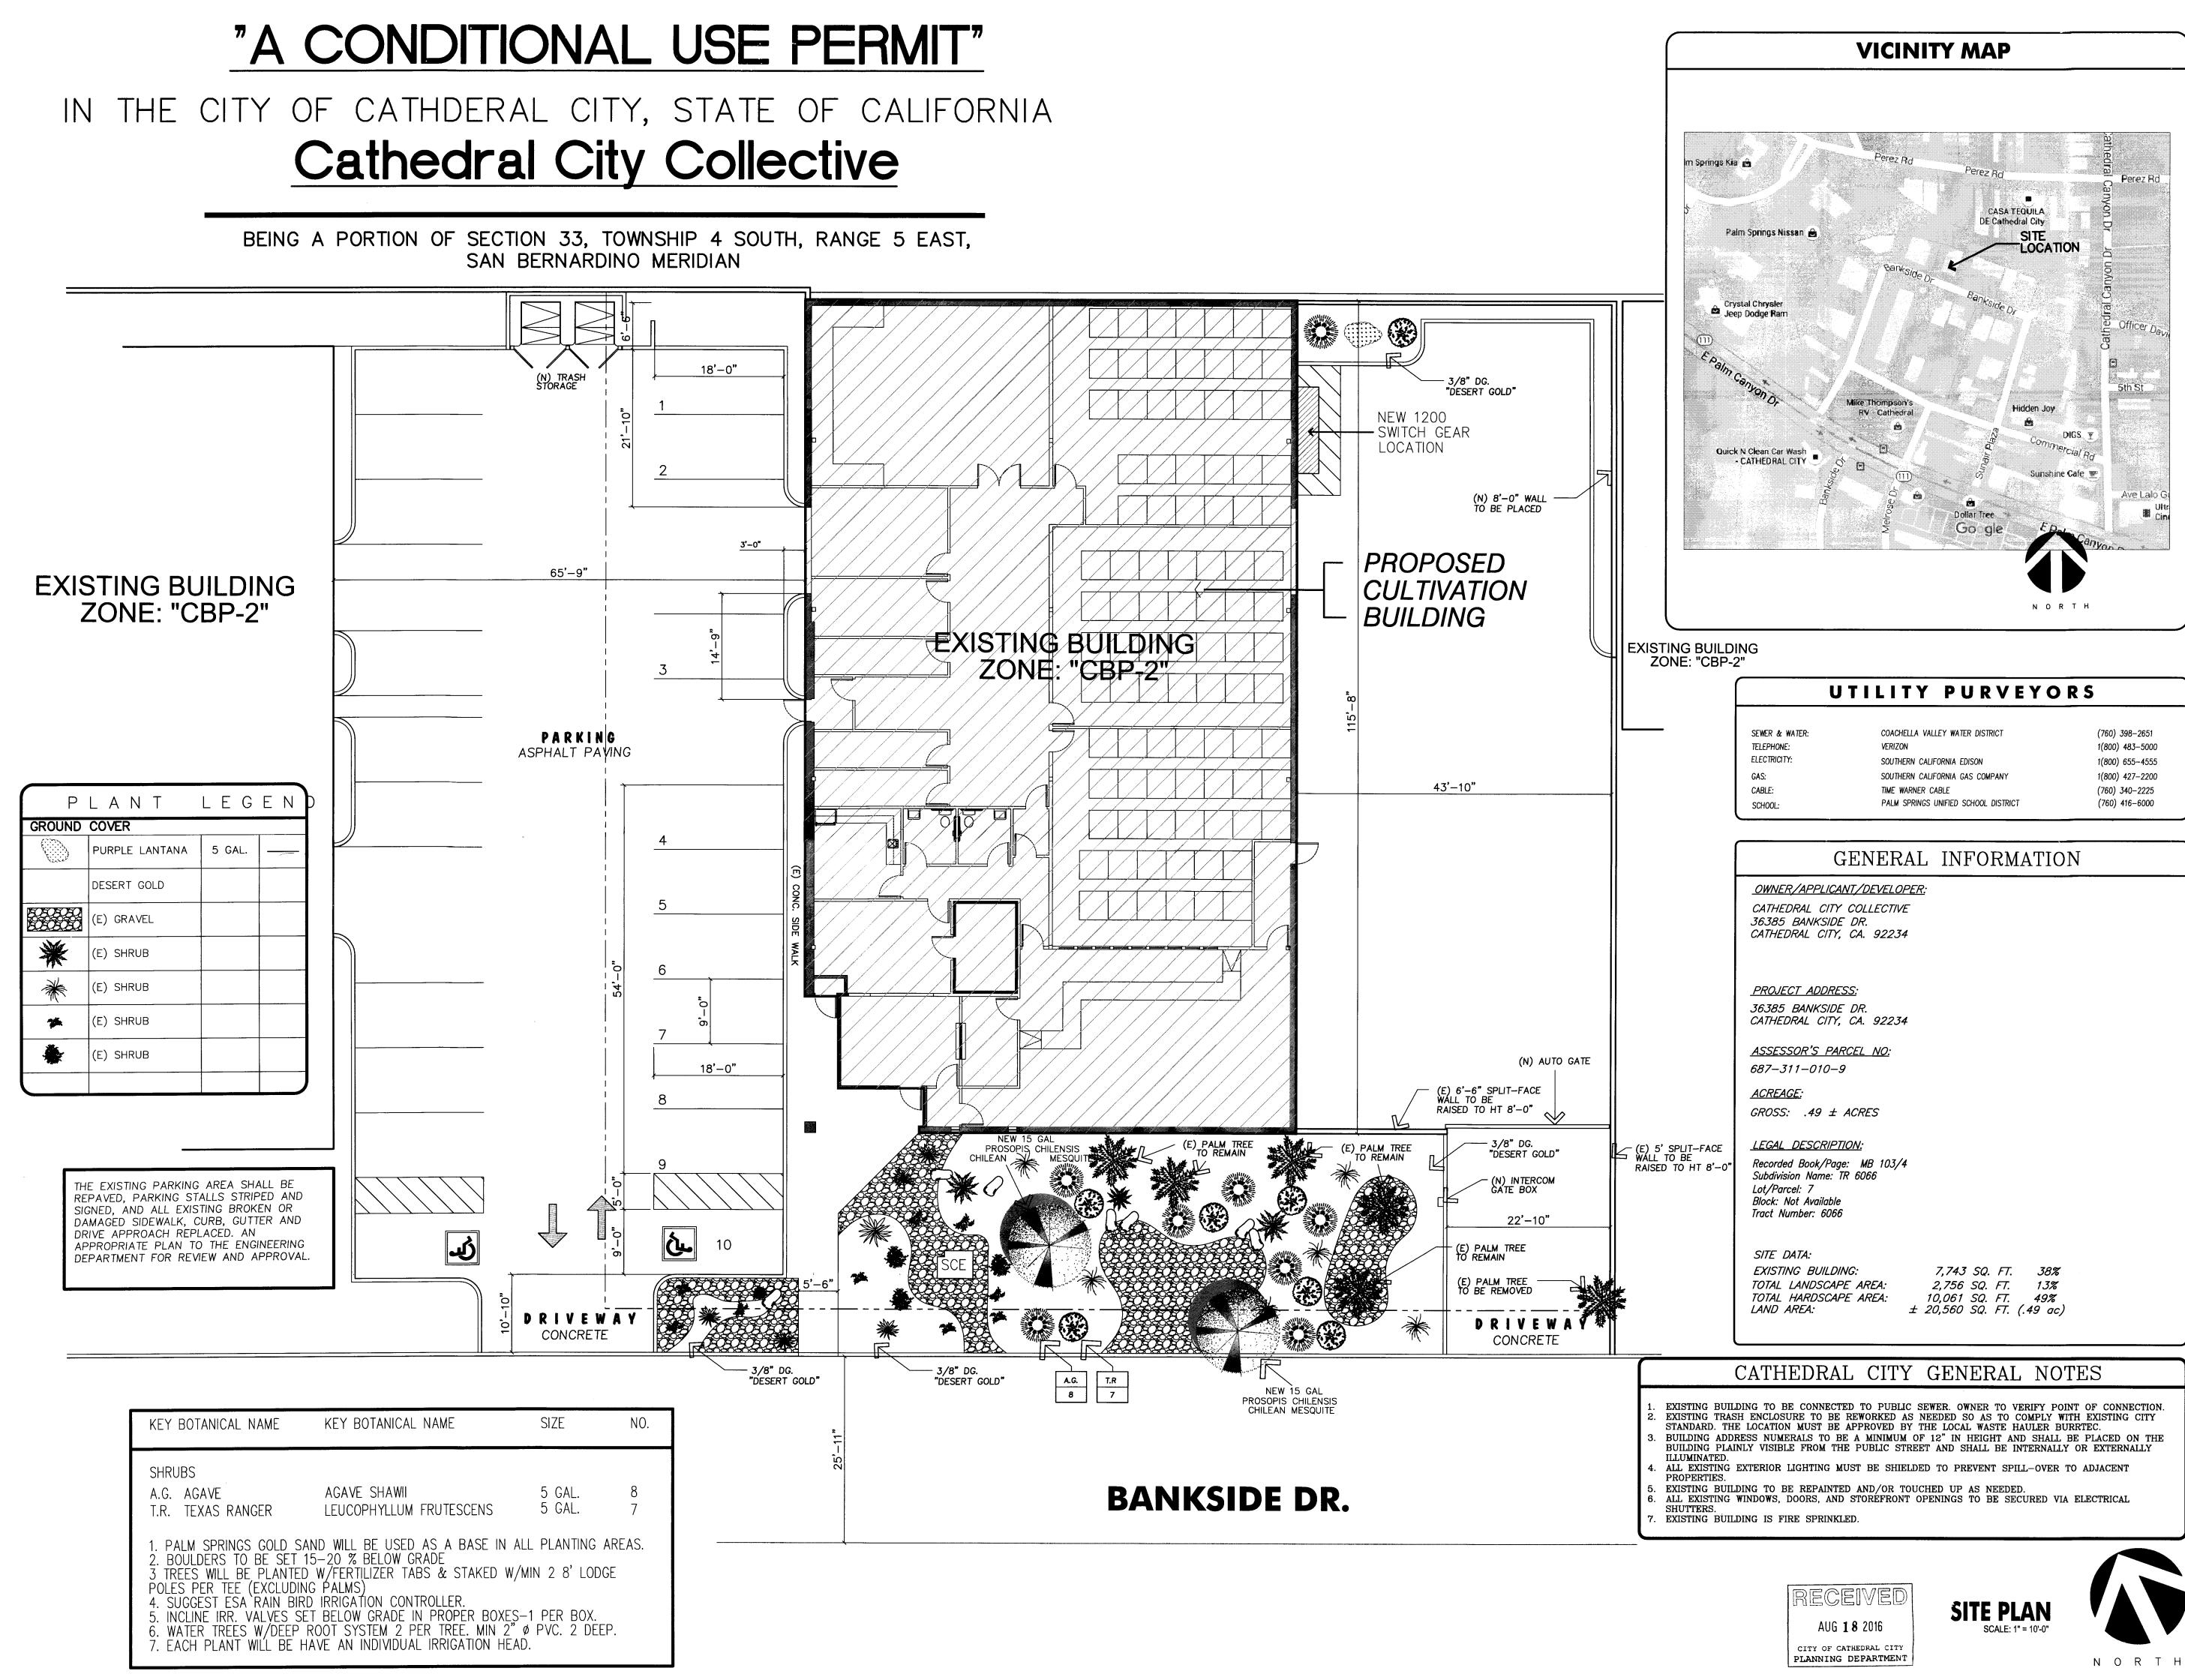

- **4.1** A "Knox"-keyed device, as approved by the Fire Chief, shall be installed on all access gates for emergency access.
- **4.2** A "Knox"-keyed box, as approved by the Fire Chief, shall be installed for all emergency building access.
- **4.3** Fire Department approval is required prior to the issuance of a Certificate of Occupancy and/or operation of the medical cannabis business.
- **4.4** Enhanced building security shall not interfere with exiting of occupants (i.e. customers, employees and vendors), in the event of an emergency.
- **4.5** Fire Lanes shall be maintained at all times for emergency access to the building.
- **4.6** The Automatic Fire Sprinkler System shall be certified as operable by a fire sprinkler servicing company prior to occupancy.

MEETING DATE: 10/5/2016

CASE NO. Conditional Use Permit No. 16-008

APPLICANT: PS Patients Collective, Inc., Charles Kieley

LOCATION: 36555 Bankside Drive (APN: 687-311-027)

REQUEST: Consider a Conditional Use Permit Application to establish a medical cannabis business (cultivation site) within an existing industrial building in the CBP-2 (Commercial Business Park) Zoning District located at 36555 Bankside Drive.

STAFF PLANNER:

Pat Milos, Community Development Director

RECOMMENDATION:

APPROVE an exemption to the California Environmental Quality Act (CEQA) pursuant to Section No. 15301, Class No. 1 (Existing Facilities).

APPROVE Conditional Use Permit No. 16-008 subject to the attached Conditions of Approval and based on the findings contained in the staff report.

FINDINGS:

APPROVAL OF AN EXEMPTION TO CEQA based on the finding that the project qualifies as Categorically Exempt under Section No. 15301, Class No. 1 (Existing Facilities) of the State CEQA Guidelines.

APPROVAL OF CONDITIONAL USE PERMIT NO. 16-008, subject to the attached conditions of approval, and based on the following findings:

1. The applicant has been granted a local license (MCL 16-005a) in accordance with Chapter 5.88 of the Cathedral City Municipal Code (CCMC).

2. The medical cannabis business to be located at 36555 Bankside Drive in the CBP-2 Zoning District is authorized as a conditional use per the City of Cathedral City Zoning Ordinance, Chapter

File #: 2016-359

9.36.

3. The medical cannabis business as well as all operations as conducted therein, fully complies with all applicable building, electrical, zoning and fire codes, accessibility requirements of the Americans with Disability Act (ADA), and all relevant City and State Law.

4. The medical cannabis business fully complies with and meets all operating criteria required pursuant to State Laws, Chapter 5.88 of the CCMC, any other provisions of the CCMC, and any specific, additional operating procedures and measures as may be imposed as part the conditions of approval in this conditional use permit.

5. The medical cannabis business is necessary or desirable for the development of the community, is in harmony with the various elements or objectives of the general plan, and is not detrimental to existing uses or to uses specifically permitted in the zone in which the proposed use is to be located.

6. The site for the medical cannabis business is adequate in size and shape to accommodate such use and any and all of the yards, setbacks and walls or fences, landscaping and other features required in order to adjust such use to those existing or permitted future uses on land in the neighborhood.

7. The site for the medical cannabis business relates properly to streets and highways which are designed and improved to carry the type and quantity of traffic generated or to be generated by the proposed use.

8. The applicant agrees to comply with any and all of the conditions imposed by the Planning Commission or be subject to a revocation hearing.

BACKGROUND:

As the Planning Commission is aware, the City Council recently enacted a number of ordinances allowing for the establishment of medical cannabis businesses (dispensaries, cultivation sites and manufacturing sites) within certain zoning districts of the City, subject to a Conditional Use Permit (CUP). The ordinances regulating medical cannabis businesses are codified at CCMC Chapters 5.88 and 9.108 (the "Ordinance").

Under the ordinance, medical cannabis businesses are required to obtain both a medical cannabis license (local license) and CUP. For the local license, applicants are required to submit various documents such as the ownership structure of the medical cannabis business, a general description of the products and services to be provided and security and delivery plans. In addition, all owners, directors, officers and persons who are managing or otherwise responsible for the activities of a proposed medical cannabis business must submit to a background check. The City Manager, or his designee, shall decide whether to approve or deny a local license application.

The Local License application for a cultivation facility was submitted on April 1, 2016. The Conditional

File #: 2016-359

Use Permit was submitted on April 6, 2016. The Local License application was reviewed by staff including the Police Department, the background check completed and the license was granted on August 17, 2016 (see Attachment 4).

There are no exterior changes proposed to the building. Therefore, no review from the Architectural Review Subcommittee is needed. The Planning Commission will take final action on this matter unless it is appealed to the City Council.

ANALYSIS:

The project site is located within the CBP-2 (Commercial Business Park) Zoning District. The surrounding uses are primarily office, commercial and light industrial uses including a few medical cannabis businesses. Pursuant to CCMC section 9.108.090, a cultivation site may only be located within the I-1 (Light Industrial), CBP-2 (Commercial Business Park), PCC (Planned Community Commercial) or the OS (Open Space) Zoning Districts.

Furthermore, no cultivation site shall be located: a) within six-hundred (600) feet of a school, day care center, or youth center; b) within three hundred (300) feet of a residential zone; or c) within two hundred and fifty (250) feet of East Palm Canyon Drive. Staff has confirmed that the subject location does not violate any of the applicable location restrictions set forth in the CCMC.

The project site is approximately 45,000 square feet. The existing single story, stand-alone building where the cultivation site will be established is approximately 13,608 square feet. The cultivation area will occupy approximately 10,911 square feet, which includes six grow rooms, and there will be approximately 2,697 square feet of office and ancillary space. The building is equipped with an existing fire sprinkler system.

There are no exterior changes or the addition of square footage proposed to the building. Therefore, there are no issues with setbacks, building height or number of parking spaces. Upon inspection of the site, there are a number of other concerns that the applicant has agreed to address and have been incorporated into the Conditions of Approval:

1. The existing parking area shall be repaved, parking stalls restriped and signed, and all existing broken or damaged sidewalk, curb, gutter and drive approaches replaced and/or repaired.

2. The existing ADA parking stalls shall be restriped and properly signed and an ADA compliant path of travel added.

3. The existing trash enclosure shall be retrofitted to City standard.

4. The landscaping shall be renovated to comply with current City design standards and requirements.

5. Illuminated buildings address numbers, a minimum of 12" in height, shall be placed on the building.

ENVIRONMENTAL ANALYSIS:

Categorical Exemption under Section No. 15301, Class No. 1 (Existing Facilities) of the State CEQA Guidelines, which allows tenant improvements in existing buildings to be exempt. Since there is no outside expansion, this qualifies for a Class No. 1 Exemption.

NOTE: The City of Cathedral City Planning Department is custodian of the documents or other material, which constitute the record of proceedings upon which this decision is based.

PUBLIC NOTIFICATION:

This project and the environmental determination were noticed in accordance with the City Municipal Code and CEQA (see Attachment 5).

ATTACHMENTS:

Attachment 1:	Conditions of Approval
Attachment 2:	Site Plan
Attachment 3:	Floor Plan
Attachment 4:	Local License
Attachment 5:	Public Hearing Notice

SECTION 1 ADMINISTRATIVE CONDITIONS

- **1.1** Approval of the medical cannabis (cultivation site) within an existing commercial building is preliminary only. All final working drawings for tenant improvements, if any, shall be submitted to and approved by the Planning and Building Departments prior to issuance of building permits. The development of the property shall conform substantially to the following conditions of approval.
- **1.2** Any deviation from these plans or this approval shall be submitted to the City Planner for review and approval.
- **1.3** This approval shall be valid for two years from date of approval, unless extended, pursuant to the Zoning Ordinance.
- **1.4** No Certificate of Occupancy shall be granted until all conditions of approval have been satisfied.
- 1.5 The development of the site shall conform to all ordinances, codes, regulations, policies and development design controls pursuant to the Cathedral City Municipal Code taking effect prior to issuance of any building permits.

SECTION 2 FEES

2.1 The Applicant shall pay all applicable City of Cathedral City fees, charges and other costs as prescribed by City Ordinance, including development impact fees. Be advised that the fees may change at the time they become due and payable, as permitted by applicable law.

NOTICE TO APPLICANT: Pursuant to Government Code Section 66020(d)(1), the 90 day period to protest the imposition of any impact fee, dedication, reservation, or other exaction described in this resolution begins on the effective date of this approval and any such protest must be in a manner that complies with Section 66020(a), and failure to follow this procedure in a timely manner will bar any subsequent legal action to attack, review, set aside, void or annul imposition.

The right to protest the fees, dedications, reservations, or other exactions does not apply to planning, zoning, grading, or other similar application processing fees or service fees in connection with this project. It further does not apply to any fees, dedication, reservations, or exactions for which the applicant has been given a notice similar to this, nor does it revive challenges to any fees for which the Statute of Limitations has previously expired.

SECTION 3 PLANNING

- **3.1** The applicant shall complete the following items prior to the issuance of the Certificate of Occupancy:
 - a. Building address numbers, a minimum of 12" in height, shall be placed on the building, plainly visible from the public street, and be internally or externally illuminated.
 - b. The parking area shall be repaved, parking stalls striped and signed, and all broken or damaged sidewalk, curb, gutter, and drive approaches replaced and/or repaired as determined by the City Engineer.
 - c. A sidewalk shall be installed along the entire frontage of the property (along Bankside Drive) to the satisfaction of the City Engineer.
 - d. The existing trash enclosure shall be retrofitted to City standard.
 - e. Landscaping shall be renovated to comply with current City design standards and requirements.
 - f. All existing exterior lighting shall be shielded to prevent spillover to adjacent properties.
 - g. The existing building shall be connected to the public sewer system.
 - h. All existing windows, doors, and storefront opening shall be properly secured to the satisfaction of the Police Department.
 - i. The existing ADA parking stalls shall be restriped and properly signed and an ADA compliant path of travel added.
- **3.2** Any and all window and door security devices such as metal bars, gates and shutters shall be installed within the interior of the building and screened from the public street to the satisfaction of the Planning Manager.
- **3.3** At such time, the applicant removes and/or fills in any windows and doors, the finish materials shall be architecturally consistent with the elevations including details such as stone veneer, expansion joints, texture and colors. All construction proposals shall be submitted to the Planning Department for review and approval prior to starting any associated demolition and/or construction.
- **3.4** Signage is not a part of this approval and shall require a separate Sign Permit.
- **3.5** The applicant shall comply with all applicable provisions of the Cathedral City Municipal Code (CCMC) relating to medical cannabis businesses, including but

not limited to those provisions of Chapters 3.48, 5.88 and 9.108, as they may be amended from time to time.

- **3.6** The applicant shall install or provide a sufficient odor absorbing ventilation and exhaust system so that odor generated inside the Medical Cannabis Business that is distinctive to its operation is not detected outside the Medical Cannabis Business, anywhere on adjacent property or public rights-of-way, on or about any exterior or interior common area walkways, hallways, breeze-ways, foyers, lobby areas, or any other areas available for common use by tenants or the visiting public, or within any other unit located within the same building as the Medical Cannabis Business. As such, Medical Cannabis Businesses must install and maintain the following equipment or any other equipment which the Local Licensing Authority determines has the same or better effectiveness:
 - 1. An exhaust air filtration system with odor control that prevents internal odors from being emitted externally; or
 - 2. An air system that creates negative air pressure between the Medical Cannabis Businesses' interior and exterior so that the odors generated inside the Medical Cannabis Business are not detectable outside the Medical Cannabis Business.
- **3.7** The Applicant or its legal representative shall execute an agreement indemnifying and holding the City harmless from any and all claims, damages, legal or enforcement actions, including, but not limited to, any actions or claims associated with violation of federal law associated with the operation of the Medical Cannabis Business. This Agreement must be executed as a prerequisite and prior to the issuance of the Certificate of Occupancy.
- **3.8** The Applicant or its legal representative shall maintain insurance in the amounts and of the types that are acceptable to the City pursuant to guidelines and policies set forth by the Local Licensing Authority. Evidence of such insurance must be satisfied as a prerequisite to and prior to the issuance of the Certificate of Occupancy.
- **3.9** The Applicant or its legal representative shall name the City as an additionally insured and certificate holder on all City-required insurance policies. Evidence of such insurance must be satisfied as a prerequisite to and prior to the issuance of the Certificate of Occupancy.
- **3.10** The Applicant or its legal representative shall agree to defend, at its sole expense, any action against the City, its agents, officers, and employees related to the approval of the Local License, Conditional Use Permit or the operation of the Medical Cannabis Business.
- **3.11** The Applicant or its legal representative shall agree to reimburse the City for any court costs and attorney fees that the City may be required to pay as a result of any legal challenge (or federal enforcement action) related to the City's approval of a Conditional Use Permit. The City may, at its sole discretion, participate at its own expense in the defense of any such action, but such participation shall not relieve the operator of its obligation hereunder.

- **3.12** The Medical Cannabis Business as well as all operations as conducted therein shall comply with all applicable building, electrical, zoning and fire codes, accessibility requirements of the Americans with Disability Act, and all relevant City and State Law.
- **3.13** The Medical Cannabis Business shall comply with and meet all operating criteria required pursuant to State Laws, Chapter 5.88 of the CCMC, any other provisions of the CCMC, and any specific, additional operating procedures and measures as may be imposed as conditions of approval in the Conditional Use Permit.
- **3.14** Community Development Director or Police Department approval of all security features is required prior to the issuance of a Certificate of Occupancy and/or operation of the medical cannabis business.
- **3.13** Security cameras shall be installed in compliance with the floor plan submitted with the subject application. Such cameras shall be maintained in good condition, and used in an on-going manner with at least 120 hours of digitally recorded documentation in a format approved by the Community Development Director (the "Director"). The cameras shall be in use 24 hours per day, 7 days per week. The areas to be covered by the security cameras shall include, but are not limited to, the public areas, storage areas, all doors and windows, and any other areas as determined to be necessary by the Director and/or the Chief of Police to an extent sufficient to ensure the safety of persons and deter crime.
- **3.14** The Cannabis Facility shall be alarmed with an audible interior and exterior alarm system that is operated and monitored by a recognized security company licensed by the Department of Consumer Affairs, Bureau of Security & Investigative Services. Any change in the security company shall be subject to the approval of the Director.
- **3.15** The Cannabis Facility entrance(s) and all window areas shall be illuminated during evening hours. The applicant shall comply with the City's lighting standards regarding fixture type, wattage, illumination levels, shielding, etc., and secure the necessary approvals and permits as needed.
- **3.16** All windows on the building that houses the Cannabis Facility shall be appropriately secured and all marijuana securely stored.
- **3.17** The applicant shall maintain a current register of the names of all volunteers and employees currently working at or employed by the Cannabis Business.
- **3.18** Medical Cannabis shall be kept in a secured manner during business and nonbusiness hours, in accordance with the required security plan.
- **3.19** The applicant shall have an electronic point of sale system that produces historical transactional data for review by the City Manager for auditing purposes. An "electronic point of sale system" shall mean an electronically operated register or computer system that produces an electronic or automatic paper record for all transactions associated with any product sold, rented or otherwise provided to

the facility's members or purchased or received from them.

- **3.20** The applicant must pay any applicable sales tax pursuant to federal, state, and local law.
- **3.21** On-site smoking, ingestion, or consumption of Marijuana or Alcohol shall be prohibited on the premises, including the actual building, as well as any accessory structures, common areas and parking areas. Each building entrance shall be clearly and legibly posted with a notice indicating that smoking, ingesting, or consuming marijuana on the premises or in the vicinity is prohibited and a violation of the Cathedral City Municipal Code.
- **3.22** Alcoholic beverages shall not be sold, provided, stored, distributed, or consumed on the premises. Neither the applicant nor its related Collective or Cooperative shall hold or maintain a license from the State Department of Alcohol Beverage Control to sell alcoholic beverages, or operate a business that sells alcoholic beverages.
- **3.23** No minors shall be permitted inside the cultivation portion of the medical cannabis business or any restricted access areas under any circumstances.
- **3.24** The building in which the medical cannabis facility is located as well as all operations as conducted therein, shall fully comply with all applicable rules, regulations, and laws including, but not limited to, zoning and building codes, Chapter 3.28 of the CCMC requiring application and issuance of a business license, the Revenue and Taxation Code, the Americans with Disabilities Act, and all applicable Federal, State and Local mandates.
- **3.25** The Applicant shall fully comply with and meet all operating criteria required pursuant to State Laws, the provisions of this Code, and any specific, additional operating procedures and measures as may be imposed as these conditions of approval, in order to ensure that the operation of the Cultivation Site is consistent with the protection of the health, safety, and welfare of the community.
- **3.26** The Applicant shall prepare, Implement and make available a written Hazardous Materials Management Plan to include a listing of all hazardous products, chemicals, fertilizers, herbicides, pesticides, lubricants, flammable liquids, bleaches, cleaning supplies, aerosols, etc. that will be stored, or in use on the site and the related Material Data Safety Sheets (MSDS). Ensure safe and proper storage of chemicals and products in accordance with all applicable local, state and federal laws. Insure that when handling hazardous materials use of appropriate personal protective equipment (PPE) is available and used properly. A copy of the Hazardous Materials Management Plan shall be subject to review and approval by the Director.
- **3.27** The Applicant shall provide the names and phone numbers for after hours and

weekend contact of responsible parties, who can respond to the facility in the event of a fire or hazardous materials incident and prepare a response plan to address spills and releases of hazardous materials.

- **3.28** The Applicant shall provide the employees with the name and location and phone number of the nearest medical facility to be used in an emergency.
- **3.29** The Applicant shall provide the employees with the name and emergency phone number for the nearest private Hazardous Material Response Company, to clean-up and dispose of spilled hazardous product or waste at the facility.
- **3.30** The Applicant shall post the emergency phone number 9-1-1, for the Cathedral City Fire Department, at the facility.
- **3.31** The Applicant shall update the Hazardous Material Management Plan annually and more frequently if changes in personnel, products or equipment significantly alter the threat to human health or the environment. All such changes are subject to review and approval by the Director.
- **3.32** The Applicant shall provide a plan and proof of coordination with the Regional Water and Waste Water treatment provider to determine appropriate pretreatment procedures, if any, required for industrial effluent from the facility.
- **3.33** The Applicant shall develop and implement an Occupational Health and Safety Administration (OSHA) Hazard Communication Program training program including proper site placarding, record keeping, and emergency notification and reporting procedures.
- **3.34** The Applicant shall fully comply with the Environmental Plan and Emergency Response Plan submitted with their application, and shall update such plans annually and more frequently if determined to be appropriate by the Director. All such changes are subject to review and approval by the Director.
- **3.35** Project shall comply with the most recently adopted version of the California Building Standards Code (Title 24, California Code of Regulations) in effect in Cathedral City and other adopted City Ordinances which include the following:
 - a. CA Building Code
 - b. CA Plumbing Code
 - c. CA Mechanical Code
 - d. CA Electrical Code
 - e. CA Fire Code
 - f. CA Green Building Standards Code
 - g. CA Energy Code
 - h. Chapter 8.34 of the Municipal Code: Building Security
- **3.36** The development of the site shall conform to all ordinances, codes, regulations, policies and development design controls pursuant to the Cathedral City

Conditional Use Permit No. 16-008 Planning Commission Conditions of Approval October 5, 2016 Page 7

Municipal Code.

SECTION 4 FIRE PROTECTION

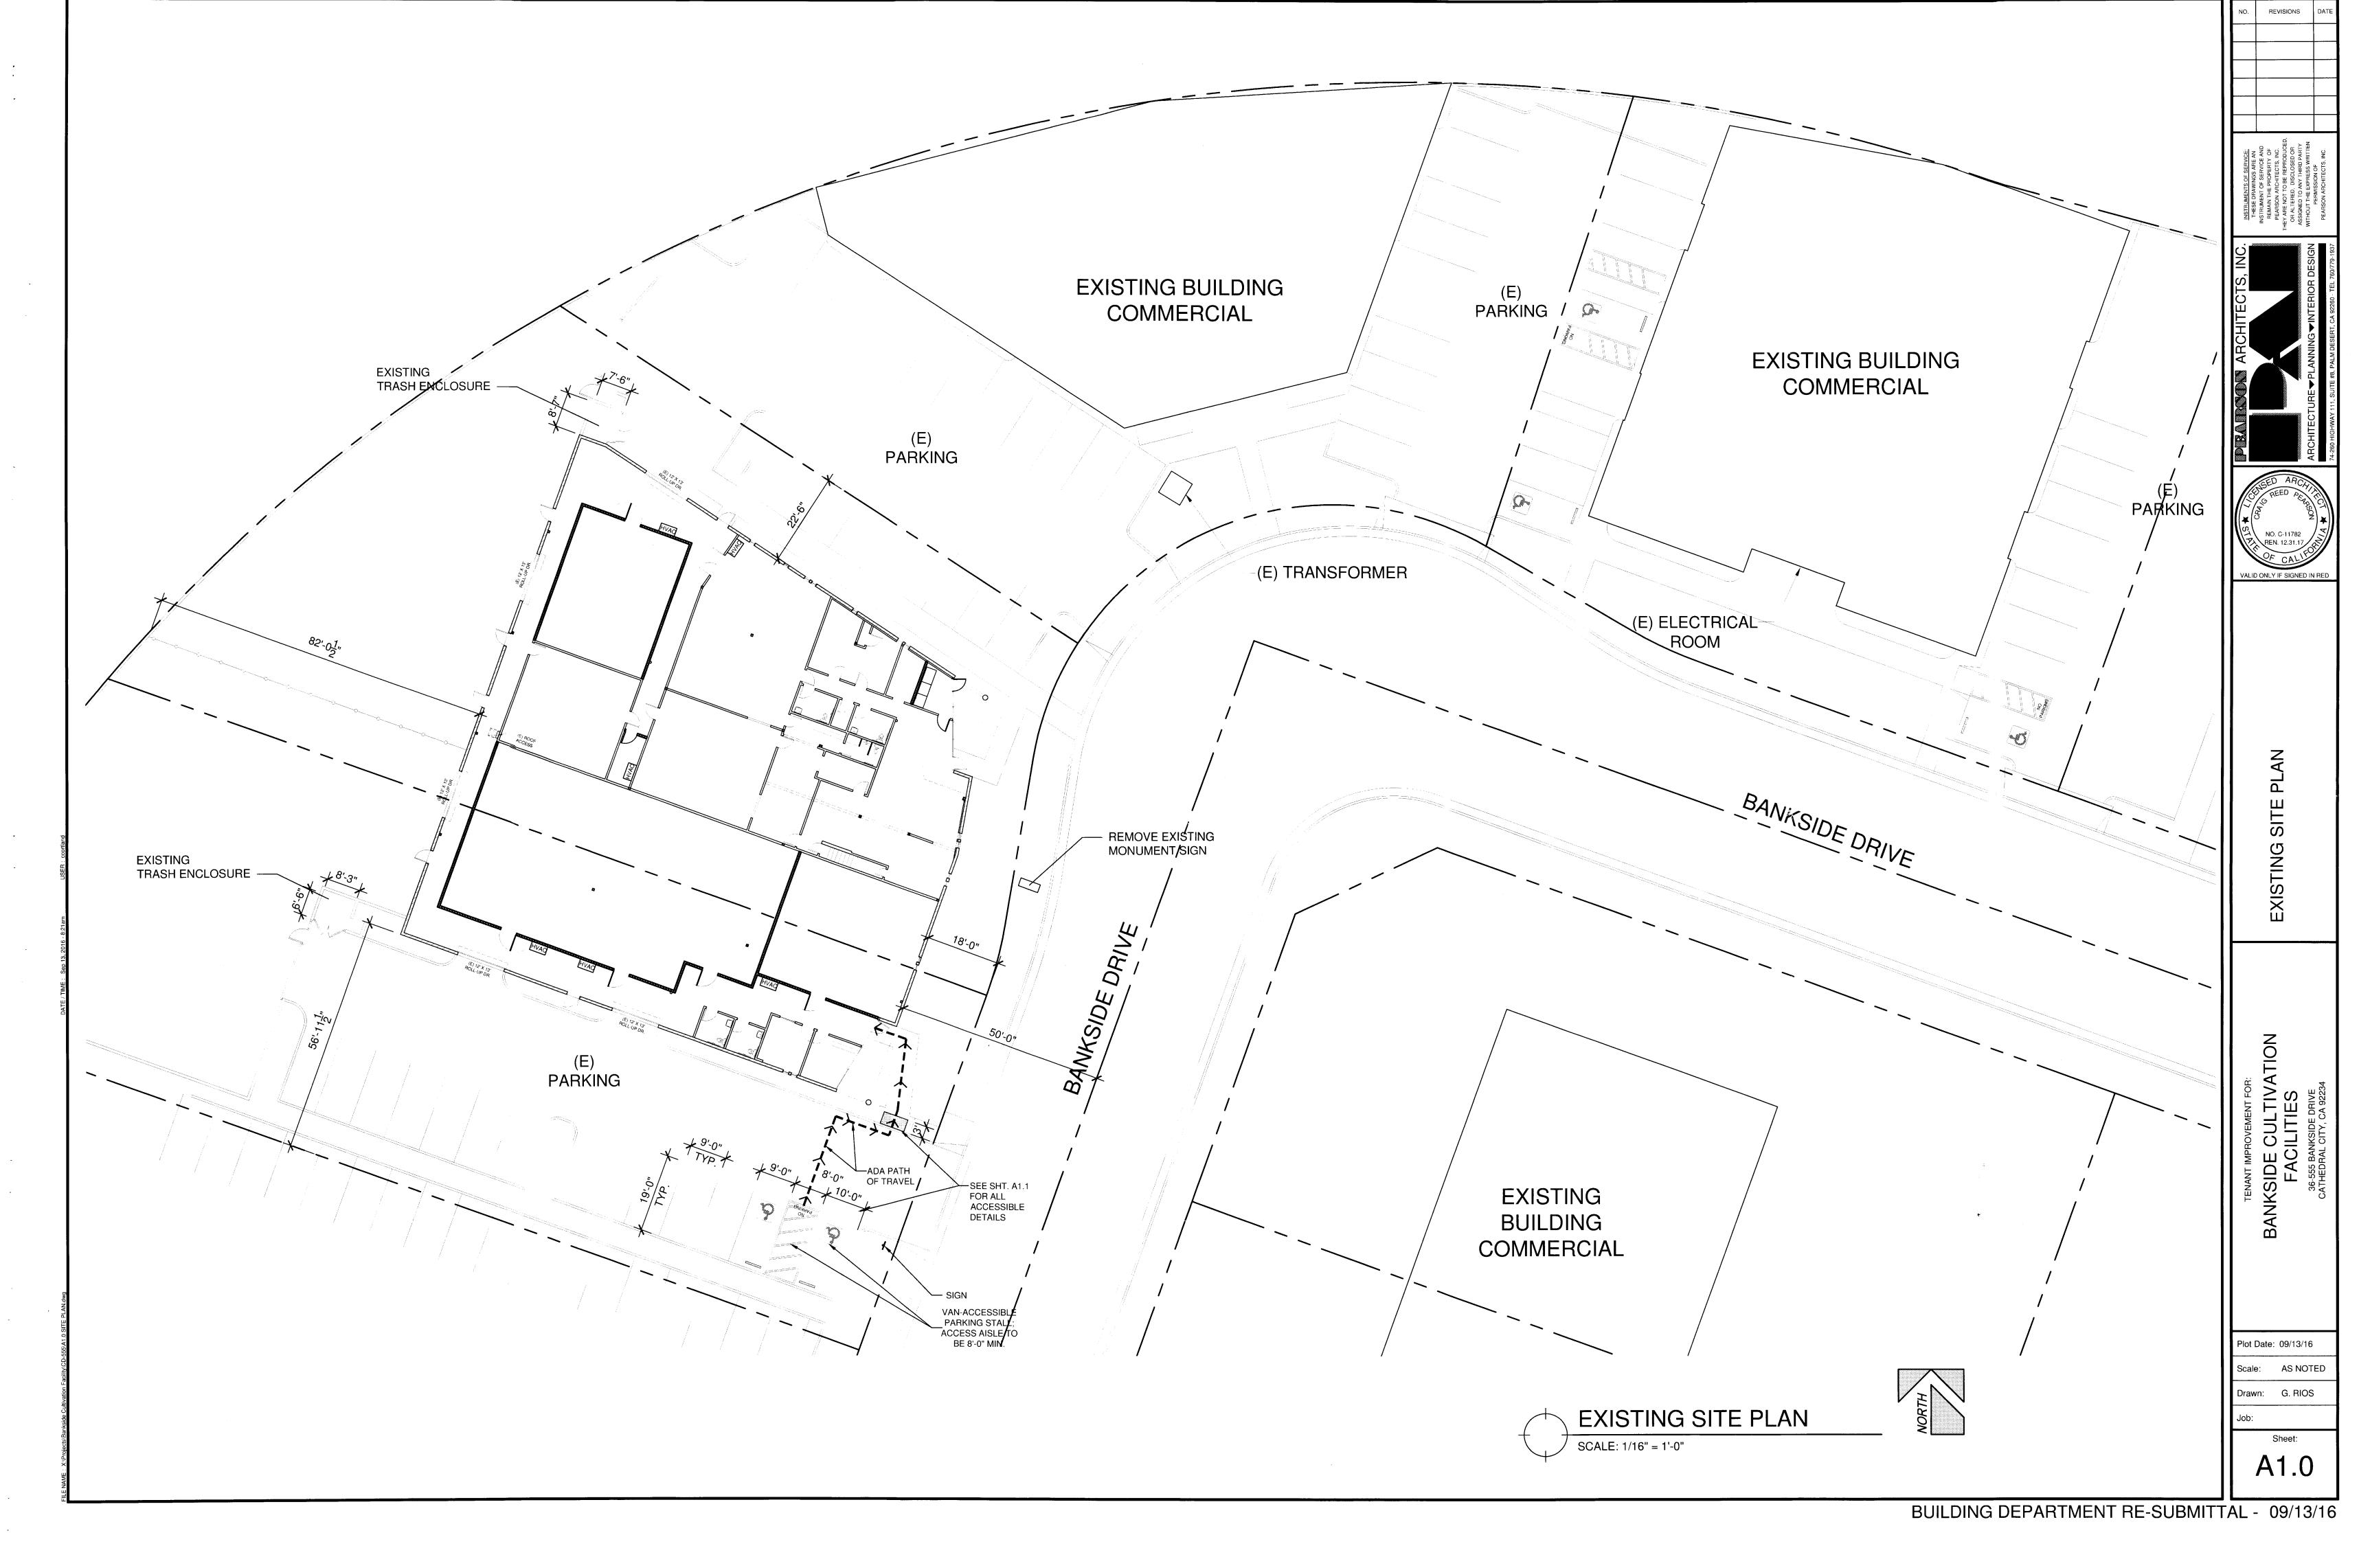

- **4.1** A "Knox"-keyed device, as approved by the Fire Chief, shall be installed on all access gates for emergency access.
- **4.2** A "Knox"-keyed box, as approved by the Fire Chief, shall be installed for all emergency building access.
- **4.3** Fire Department approval is required prior to the issuance of a Certificate of Occupancy and/or operation of the medical cannabis business.
- **4.4** Enhanced building security shall not interfere with exiting of occupants (i.e. customers, employees and vendors), in the event of an emergency.
- **4.5** Fire Lanes shall be maintained at all times for emergency access to the building.
- **4.6** The Automatic Fire Sprinkler System shall be certified as operable by a fire sprinkler servicing company prior to occupancy.

CASE NO. Conditional Use Permit No. 16-009

APPLICANT: PS Patients Collective, Inc., Charles Kieley

LOCATION: 36405 Bankside Drive (APN: 687-311-009)

REQUEST: Consider a Conditional Use Permit Application to establish a medical cannabis business (cultivation site) within an existing industrial building in the CBP-2 (Commercial Business Park) Zoning District located at 36405 Bankside Drive.

STAFF PLANNER:

Pat Milos, Community Development Director

RECOMMENDATION:

APPROVE an exemption to the California Environmental Quality Act (CEQA) pursuant to Section No. 15301, Class No. 1 (Existing Facilities).

APPROVE Conditional Use Permit No. 16-009 subject to the attached Conditions of Approval and based on the findings contained in the staff report.

FINDINGS:

APPROVAL OF AN EXEMPTION TO CEQA based on the finding that the project qualifies as Categorically Exempt under Section No. 15301, Class No. 1 (Existing Facilities) of the State CEQA Guidelines.

APPROVAL OF CONDITIONAL USE PERMIT NO. 16-009, subject to the attached conditions of approval, and based on the following findings:

1. The applicant has been granted a local license (MCL 16-005b) in accordance with Chapter 5.88 of the Cathedral City Municipal Code (CCMC).

2. The medical cannabis business to be located at 36405 Bankside Drive in the CBP-2 Zoning District is authorized as a conditional use per the City of Cathedral City Zoning Ordinance, Chapter 9.36.

3. The medical cannabis business as well as all operations as conducted therein, fully complies with all applicable building, electrical, zoning and fire codes, accessibility requirements of the Americans with Disability Act (ADA), and all relevant City and State Law.

4. The medical cannabis business fully complies with and meets all operating criteria required pursuant to State Laws, Chapter 5.88 of the CCMC, any other provisions of the CCMC, and any specific, additional operating procedures and measures as may be imposed as part the conditions of approval in this conditional use permit.

5. The medical cannabis business is necessary or desirable for the development of the community, is in harmony with the various elements or objectives of the general plan, and is not detrimental to existing uses or to uses specifically permitted in the zone in which the proposed use is to be located.

6. The site for the medical cannabis business is adequate in size and shape to accommodate such use and any and all of the yards, setbacks and walls or fences, landscaping and other features required in order to adjust such use to those existing or permitted future uses on land in the neighborhood.

7. The site for the medical cannabis business relates properly to streets and highways which are designed and improved to carry the type and quantity of traffic generated or to be generated by the proposed use.

8. The applicant agrees to comply with any and all of the conditions imposed by the Planning Commission or be subject to a revocation hearing.

BACKGROUND:

As the Planning Commission is aware, the City Council recently enacted a number of ordinances allowing for the establishment of medical cannabis businesses (dispensaries, cultivation sites and manufacturing sites) within certain zoning districts of the City, subject to a Conditional Use Permit (CUP). The ordinances regulating medical cannabis businesses are codified at CCMC Chapters 5.88 and 9.108 (the "Ordinance").

Under the ordinance, medical cannabis businesses are required to obtain both a medical cannabis license (local license) and CUP. For the local license, applicants are required to submit various documents such as the ownership structure of the medical cannabis business, a general description of the products and services to be provided and security and delivery plans. In addition, all owners, directors, officers and persons who are managing or otherwise responsible for the activities of a proposed medical cannabis business must submit to a background check. The City Manager, or his designee, shall decide whether to approve or deny a local license application.

The Local License application for a cultivation facility was submitted on April 1, 2016. The Conditional Use Permit was submitted on April 6, 2016. The Local License application was reviewed by staff

including the Police Department, the background check completed and the license was granted on August 17, 2016 (see Attachment 4).

There are no exterior changes proposed to the building. Therefore, no review from the Architectural Review Subcommittee is needed. The Planning Commission will take final action on this matter unless it is appealed to the City Council.

ANALYSIS:

The project site is located within the CBP-2 (Commercial Business Park) Zoning District. The surrounding uses are primarily office, commercial and light industrial uses including a few medical cannabis businesses. Pursuant to CCMC section 9.108.090, a cultivation site may only be located within the I-1 (Light Industrial), the CBP-2 (Commercial Business Park), PCC (Planned Community Commercial) or the OS (Open Space) Zoning Districts.

Furthermore, no cultivation site shall be located: a) within six-hundred (600) feet of a school, day care center, or youth center; or b) within three hundred (300) feet of a residential zone; or c) within two hundred and fifty (250) feet of East Palm Canyon Drive. Staff has confirmed that the subject location does not violate any of the applicable location restrictions set forth in the CCMC.

The project site is approximately 20,000 square feet. The existing single story, stand-alone building where the cultivation site will be established is approximately 10,583 square feet. The cultivation area will occupy approximately 7,303 square feet, which includes seven grow rooms, and there will be approximately 3,280 square feet consisting of a break room and ancillary space.

There are no exterior changes or the addition of square footage proposed to the building. Therefore, there are no issues with setbacks, building height or number of parking spaces. Upon inspection of the site, there are a number of other concerns that the applicant has agreed to address and have been incorporated into the Conditions of Approval:

1. The existing parking area shall be be repaved, parking stalls restriped and signed, and all existing broken or damaged sidewalk, curb, gutter and drive approaches replaced and/or repaired.

2. The existing ADA parking stalls shall be restriped and properly signed and an ADA compliant path of travel added.

3. The existing trash enclosure shall be retrofitted to City standard.

4. The landscaping shall be renovated to comply with current City design standards and requirements.

5. Illuminated building address numbers, a minimum of 12" in height, shall be placed on the building.

ENVIRONMENTAL ANALYSIS:

Categorical Exemption under Section No. 15301, Class No. 1 (Existing Facilities) of the State CEQA Guidelines, which allows tenant improvements in existing buildings to be exempt. Since there is no outside expansion, this gualifies for a Class No. 1 Exemption.

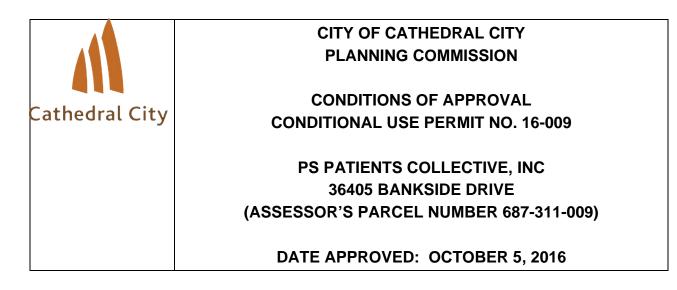

NOTE: The City of Cathedral City Planning Department is custodian of the documents or other material, which constitute the record of proceedings upon which this decision is based.

PUBLIC NOTIFICATION:

This project and the environmental determination were noticed in accordance with the City Municipal Code and CEQA (see Attachment 5)

SECTION 1 ADMINISTRATIVE CONDITIONS

- **1.1** Approval of the medical cannabis (cultivation site) within an existing commercial building is preliminary only. All final working drawings for tenant improvements, if any, shall be submitted to and approved by the Planning and Building Departments prior to issuance of building permits. The development of the property shall conform substantially to the following conditions of approval.
- **1.2** Any deviation from these plans or this approval shall be submitted to the City Planner for review and approval.
- **1.3** This approval shall be valid for two years from date of approval, unless extended, pursuant to the Zoning Ordinance.
- **1.4** No Certificate of Occupancy shall be granted until all conditions of approval have been satisfied.
- **1.5** The development of the site shall conform to all ordinances, codes, regulations, policies and development design controls pursuant to the Cathedral City Municipal Code taking effect prior to issuance of any building permits.

SECTION 2 FEES

2.1 The Applicant shall pay all applicable City of Cathedral City fees, charges and other costs as prescribed by City Ordinance, including development impact fees. Be advised that the fees may change at the time they become due and payable, as permitted by applicable law.

NOTICE TO APPLICANT: Pursuant to Government Code Section 66020(d)(1), the 90 day period to protest the imposition of any impact fee, dedication, reservation, or other exaction described in this resolution begins on the effective date of this approval and any such protest must be in a manner that complies with Section 66020(a), and failure to follow this procedure in a timely manner will bar any subsequent legal action to attack, review, set aside, void or annul imposition.

The right to protest the fees, dedications, reservations, or other exactions does not apply to planning, zoning, grading, or other similar application processing fees or service fees in connection with this project. It further does not apply to any fees, dedication, reservations, or exactions for which the applicant has been given a notice similar to this, nor does it revive challenges to any fees for which the Statute of Limitations has previously expired.

SECTION 3 PLANNING

- **3.1** The applicant shall complete the following items prior to the issuance of the Certificate of Occupancy:
 - a. Building address numbers, a minimum of 12" in height, shall be placed on the building, plainly visible from the public street, and be internally or externally illuminated.
 - b. The parking area shall be repaved, parking stalls striped and signed, and all broken or damaged sidewalk, curb, gutter, and drive approaches replaced and/or repaired as determined by the City Engineer.
 - c. A sidewalk shall be installed along the entire frontage of the property (along Bankside Drive) to the satisfaction of the City Engineer.
 - d. The existing trash enclosure shall be retrofitted to City standard.
 - e. Landscaping shall be renovated to comply with current City design standards and requirements.
 - f. All existing exterior lighting shall be shielded to prevent spillover to adjacent properties.
 - g. The existing building will be connected to public sewer.
 - h. All existing windows, doors, and storefront opening shall be properly secured to the satisfaction of the Police Department.
 - i. The existing ADA parking stalls shall be restriped and properly signed and an ADA compliant path of travel added.
- **3.2** Any and all window and door security devices such as metal bars, gates and shutters shall be installed within the interior of the building and screened from the public street to the satisfaction of the Planning Manager.
- **3.3** At such time as the applicant removes and/or fills in any windows and/or doors, the finish materials shall be architecturally consistent with the elevations including details such as stone veneer, expansion joints, texture and colors. All construction proposals shall be submitted to the Planning Department for review and approval prior to starting any associated demolition and/or construction.
- **3.4** Signage is not a part of this approval and shall require a separate Sign Permit.
- **3.5** The applicant shall comply with all applicable provisions of the Cathedral City Municipal Code (CCMC) relating to medical cannabis businesses, including but

not limited to those provisions of Chapters 3.48, 5.88 and 9.108, as they may be amended from time to time.

- **3.6** The applicant shall install or provide a sufficient odor absorbing ventilation and exhaust system so that odor generated inside the Medical Cannabis Business that is distinctive to its operation is not detected outside the Medical Cannabis Business, anywhere on adjacent property or public rights-of-way, on or about any exterior or interior common area walkways, hallways, breeze-ways, foyers, lobby areas, or any other areas available for common use by tenants or the visiting public, or within any other unit located within the same building as the Medical Cannabis Business. As such, Medical Cannabis Businesses must install and maintain the following equipment or any other equipment which the Local Licensing Authority determines has the same or better effectiveness:
 - 1. An exhaust air filtration system with odor control that prevents internal odors from being emitted externally; or
 - 2. An air system that creates negative air pressure between the Medical Cannabis Businesses' interior and exterior so that the odors generated inside the Medical Cannabis Business are not detectable outside the Medical Cannabis Business.
- **3.7** The Applicant or its legal representative shall execute an agreement indemnifying and holding the City harmless from any and all claims, damages, legal or enforcement actions, including, but not limited to, any actions or claims associated with violation of federal law associated with the operation of the Medical Cannabis Business. This Agreement must be executed as a prerequisite and prior to the issuance of the Certificate of Occupancy.
- **3.8** The Applicant or its legal representative shall maintain insurance in the amounts and of the types that are acceptable to the City pursuant to guidelines and policies set forth by the Local Licensing Authority. Evidence of such insurance must be satisfied as a prerequisite to and prior to the issuance of the Certificate of Occupancy.
- **3.9** The Applicant or its legal representative shall name the City as an additionally insured and certificate holder on all City-required insurance policies. Evidence of such insurance must be satisfied as a prerequisite to and prior to the issuance of the Certificate of Occupancy.
- **3.10** The Applicant or its legal representative shall agree to defend, at its sole expense, any action against the City, its agents, officers, and employees related to the approval of the Local License, Conditional Use Permit or the operation of the Medical Cannabis Business.
- **3.11** The Applicant or its legal representative shall agree to reimburse the City for any court costs and attorney fees that the City may be required to pay as a result of any legal challenge (or federal enforcement action) related to the City's approval of a Conditional Use Permit. The City may, at its sole discretion, participate at its own expense in the defense of any such action, but such participation shall not relieve the operator of its obligation hereunder.

- **3.12** The Medical Cannabis Business as well as all operations as conducted therein shall comply with all applicable building, electrical, zoning and fire codes, accessibility requirements of the Americans with Disability Act, and all relevant City and State Law.
- **3.13** The Medical Cannabis Business shall comply with and meet all operating criteria required pursuant to State Laws, Chapter 5.88 of the CCMC, any other provisions of the CCMC, and any specific, additional operating procedures and measures as may be imposed as conditions of approval in the Conditional Use Permit.
- **3.14** Community Development Director or Police Department approval of all security features is required prior to the issuance of a Certificate of Occupancy and/or operation of the medical cannabis business.
- **3.13** Security cameras shall be installed in compliance with the floor plan submitted with the subject application. Such cameras shall be maintained in good condition, and used in an on-going manner with at least 120 hours of digitally recorded documentation in a format approved by the Community Development Director (the "Director"). The cameras shall be in use 24 hours per day, 7 days per week. The areas to be covered by the security cameras shall include, but are not limited to, the public areas, storage areas, all doors and windows, and any other areas as determined to be necessary by the Director and/or the Chief of Police to an extent sufficient to ensure the safety of persons and deter crime.
- **3.14** The Cannabis Facility shall be alarmed with an audible interior and exterior alarm system that is operated and monitored by a recognized security company licensed by the Department of Consumer Affairs, Bureau of Security & Investigative Services. Any change in the security company shall be subject to the approval of the Director.
- **3.15** The Cannabis Facility entrance(s) and all window areas shall be illuminated during evening hours. The applicant shall comply with the City's lighting standards regarding fixture type, wattage, illumination levels, shielding, etc., and secure the necessary approvals and permits as needed.
- **3.16** All windows on the building that houses the Cannabis Facility shall be appropriately secured and all marijuana securely stored.
- **3.17** The applicant shall maintain a current register of the names of all volunteers and employees currently working at or employed by the Cannabis Business.
- **3.18** Medical Cannabis shall be kept in a secured manner during business and nonbusiness hours, in accordance with the required security plan.
- **3.19** The applicant shall have an electronic point of sale system that produces historical transactional data for review by the City Manager for auditing purposes. An "electronic point of sale system" shall mean an electronically operated register or computer system that produces an electronic or automatic paper record for all transactions associated with any product sold, rented or otherwise provided to

the facility's members or purchased or received from them.

- **3.20** The applicant must pay any applicable sales tax pursuant to federal, state, and local law.
- **3.21** On-site smoking, ingestion, or consumption of Marijuana or Alcohol shall be prohibited on the premises, including the actual building, as well as any accessory structures, common areas and parking areas. Each building entrance shall be clearly and legibly posted with a notice indicating that smoking, ingesting, or consuming marijuana on the premises or in the vicinity is prohibited and a violation of the Cathedral City Municipal Code.
- **3.22** Alcoholic beverages shall not be sold, provided, stored, distributed, or consumed on the premises. Neither the applicant nor its related Collective or Cooperative shall hold or maintain a license from the State Department of Alcohol Beverage Control to sell alcoholic beverages, or operate a business that sells alcoholic beverages.
- **3.23** No minors shall be permitted inside any restricted access areas, including the cultivation portion of the medical cannabis business, under any circumstances.
- **3.24** The building in which the medical cannabis facility is located as well as all operations as conducted therein, shall fully comply with all applicable rules, regulations, and laws including, but not limited to, zoning and building codes, Chapter 3.28 of the CCMC requiring application and issuance of a business license, the Revenue and Taxation Code, the Americans with Disabilities Act, and all applicable Federal, State and Local mandates.
- **3.25** The Applicant shall fully comply with and meet all operating criteria required pursuant to State Laws, the provisions of this Code, and any specific, additional operating procedures and measures as may be imposed as these conditions of approval, in order to ensure that the operation of the Cultivation Site is consistent with the protection of the health, safety, and welfare of the community.
- **3.26** The Applicant shall prepare, Implement and make available a written Hazardous Materials Management Plan to include a listing of all hazardous products, chemicals, fertilizers, herbicides, pesticides, lubricants, flammable liquids, bleaches, cleaning supplies, aerosols, etc. that will be stored, or in use on the site and the related Material Data Safety Sheets (MSDS). Ensure safe and proper storage of chemicals and products in accordance with all applicable local, state and federal laws. Insure that when handling hazardous materials use of appropriate personal protective equipment (PPE) is available and used properly. A copy of the Hazardous Materials Management Plan shall be subject to review and approval by the Director.
- **3.27** The Applicant shall provide the names and phone numbers for after hours and weekend contact of responsible parties, who can respond to the facility in the

event of a fire or hazardous materials incident and prepare a response plan to address spills and releases of hazardous materials.

- **3.28** The Applicant shall provide the employees with the name and location and phone number of the nearest medical facility to be used in an emergency.
- **3.29** The Applicant shall provide the employees with the name and emergency phone number for the nearest private Hazardous Material Response Company, to clean-up and dispose of spilled hazardous product or waste at the facility.
- **3.30** The Applicant shall post the emergency phone number 9-1-1, for the Cathedral City Fire Department, at the facility.
- **3.31** The Applicant shall update the Hazardous Material Management Plan annually and more frequently if changes in personnel, products or equipment significantly alter the threat to human health or the environment. All such changes are subject to review and approval by the Director.
- **3.32** The Applicant shall provide a plan and proof of coordination with the Regional Water and Waste Water treatment provider to determine appropriate pretreatment procedures, if any, required for industrial effluent from the facility.
- **3.33** The Applicant shall develop and implement an Occupational Health and Safety Administration (OSHA) Hazard Communication Program training program including proper site placarding, record keeping, and emergency notification and reporting procedures.
- **3.34** The Applicant shall fully comply with the Environmental Plan and Emergency Response Plan submitted with their application, and shall update such plans annually and more frequently if determined to be appropriate by the Director. All such changes are subject to review and approval by the Director.
- **3.35** Project shall comply with the most recently adopted version of the California Building Standards Code (Title 24, California Code of Regulations) in effect in Cathedral City and other adopted City Ordinances which include the following:
 - a. CA Building Code
 - b. CA Plumbing Code
 - c. CA Mechanical Code
 - d. CA Electrical Code
 - e. CA Fire Code
 - f. CA Green Building Standards Code
 - g. CA Energy Code
 - h. Chapter 8.34 of the Municipal Code: Building Security
- **3.36** The development of the site shall conform to all ordinances, codes, regulations, policies and development design controls pursuant to the Cathedral City Municipal Code.

SECTION 4 FIRE PROTECTION

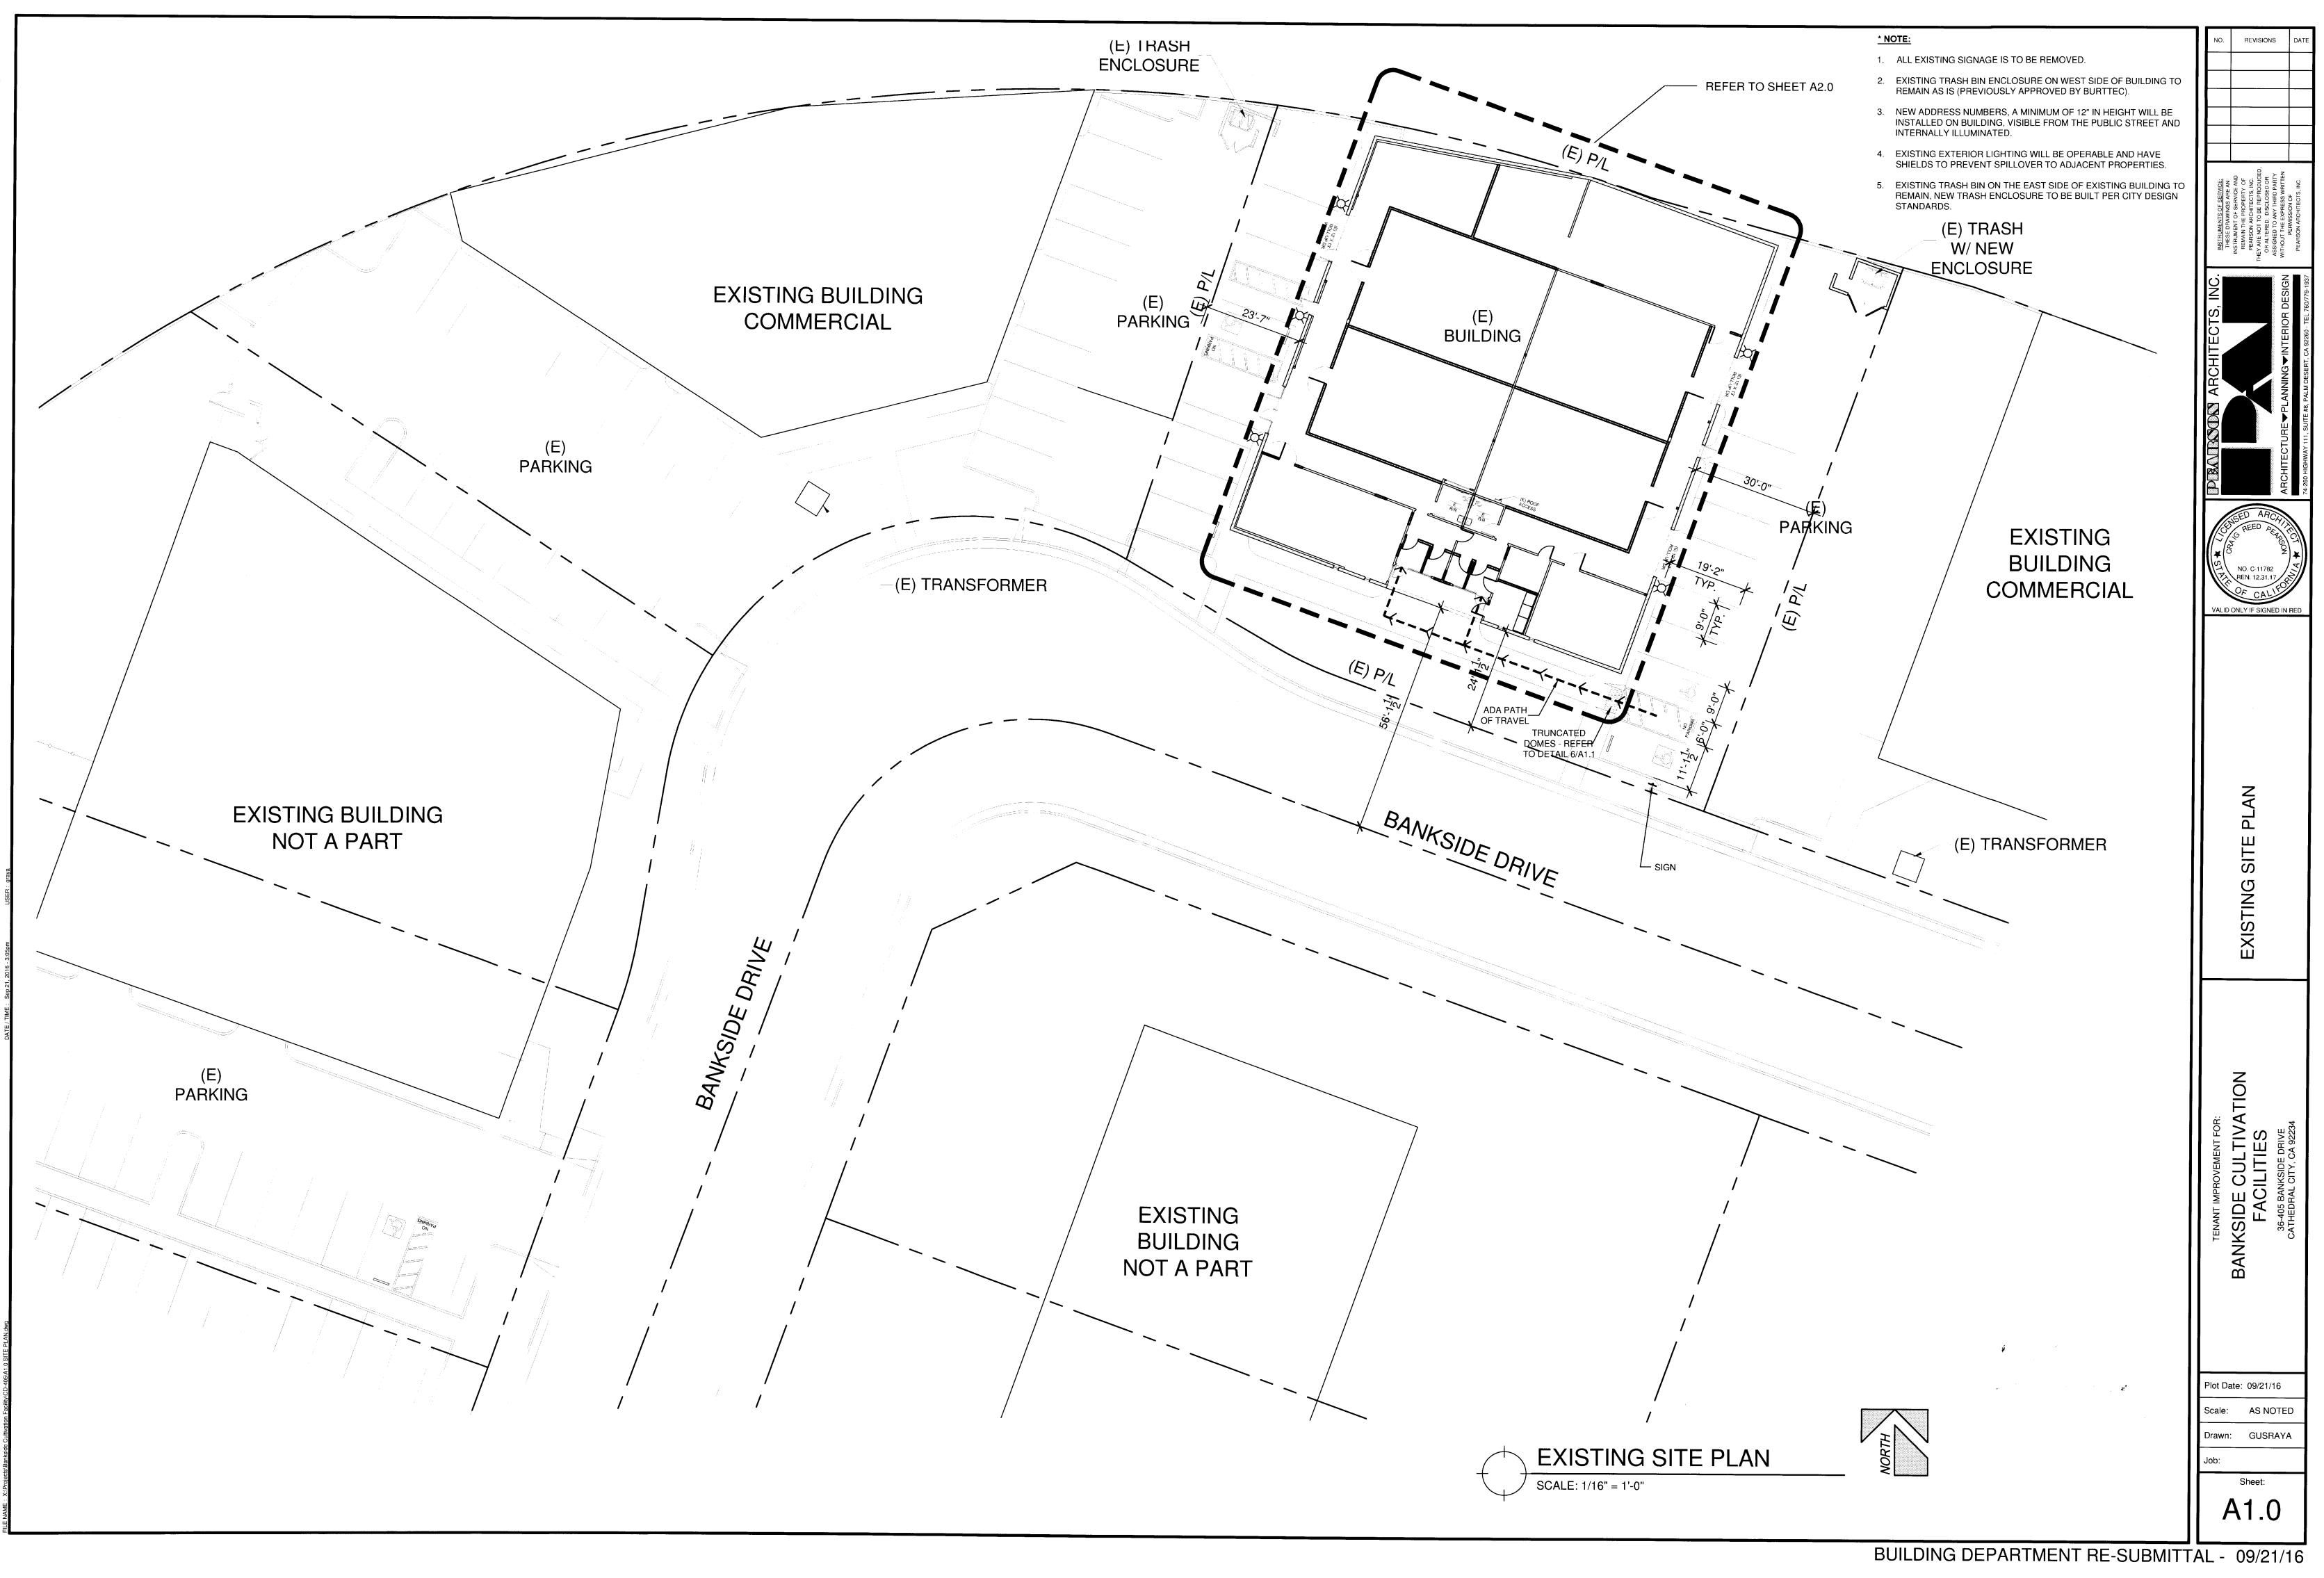

- **4.1** A "Knox"-keyed device, as approved by the Fire Chief, shall be installed on all access gates for emergency access.
- **4.2** A "Knox"-keyed box, as approved by the Fire Chief, shall be installed for all emergency building access.
- **4.3** Fire Department approval is required prior to the issuance of a Certificate of Occupancy and/or operation of the medical cannabis business.
- **4.4** Enhanced building security shall not interfere with exiting of occupants (i.e. customers, employees and vendors), in the event of an emergency.
- **4.5** Fire Lanes shall be maintained at all times for emergency access to the building.
- **4.6** The Automatic Fire Sprinkler System shall be certified as operable by a fire sprinkler servicing company prior to occupancy.

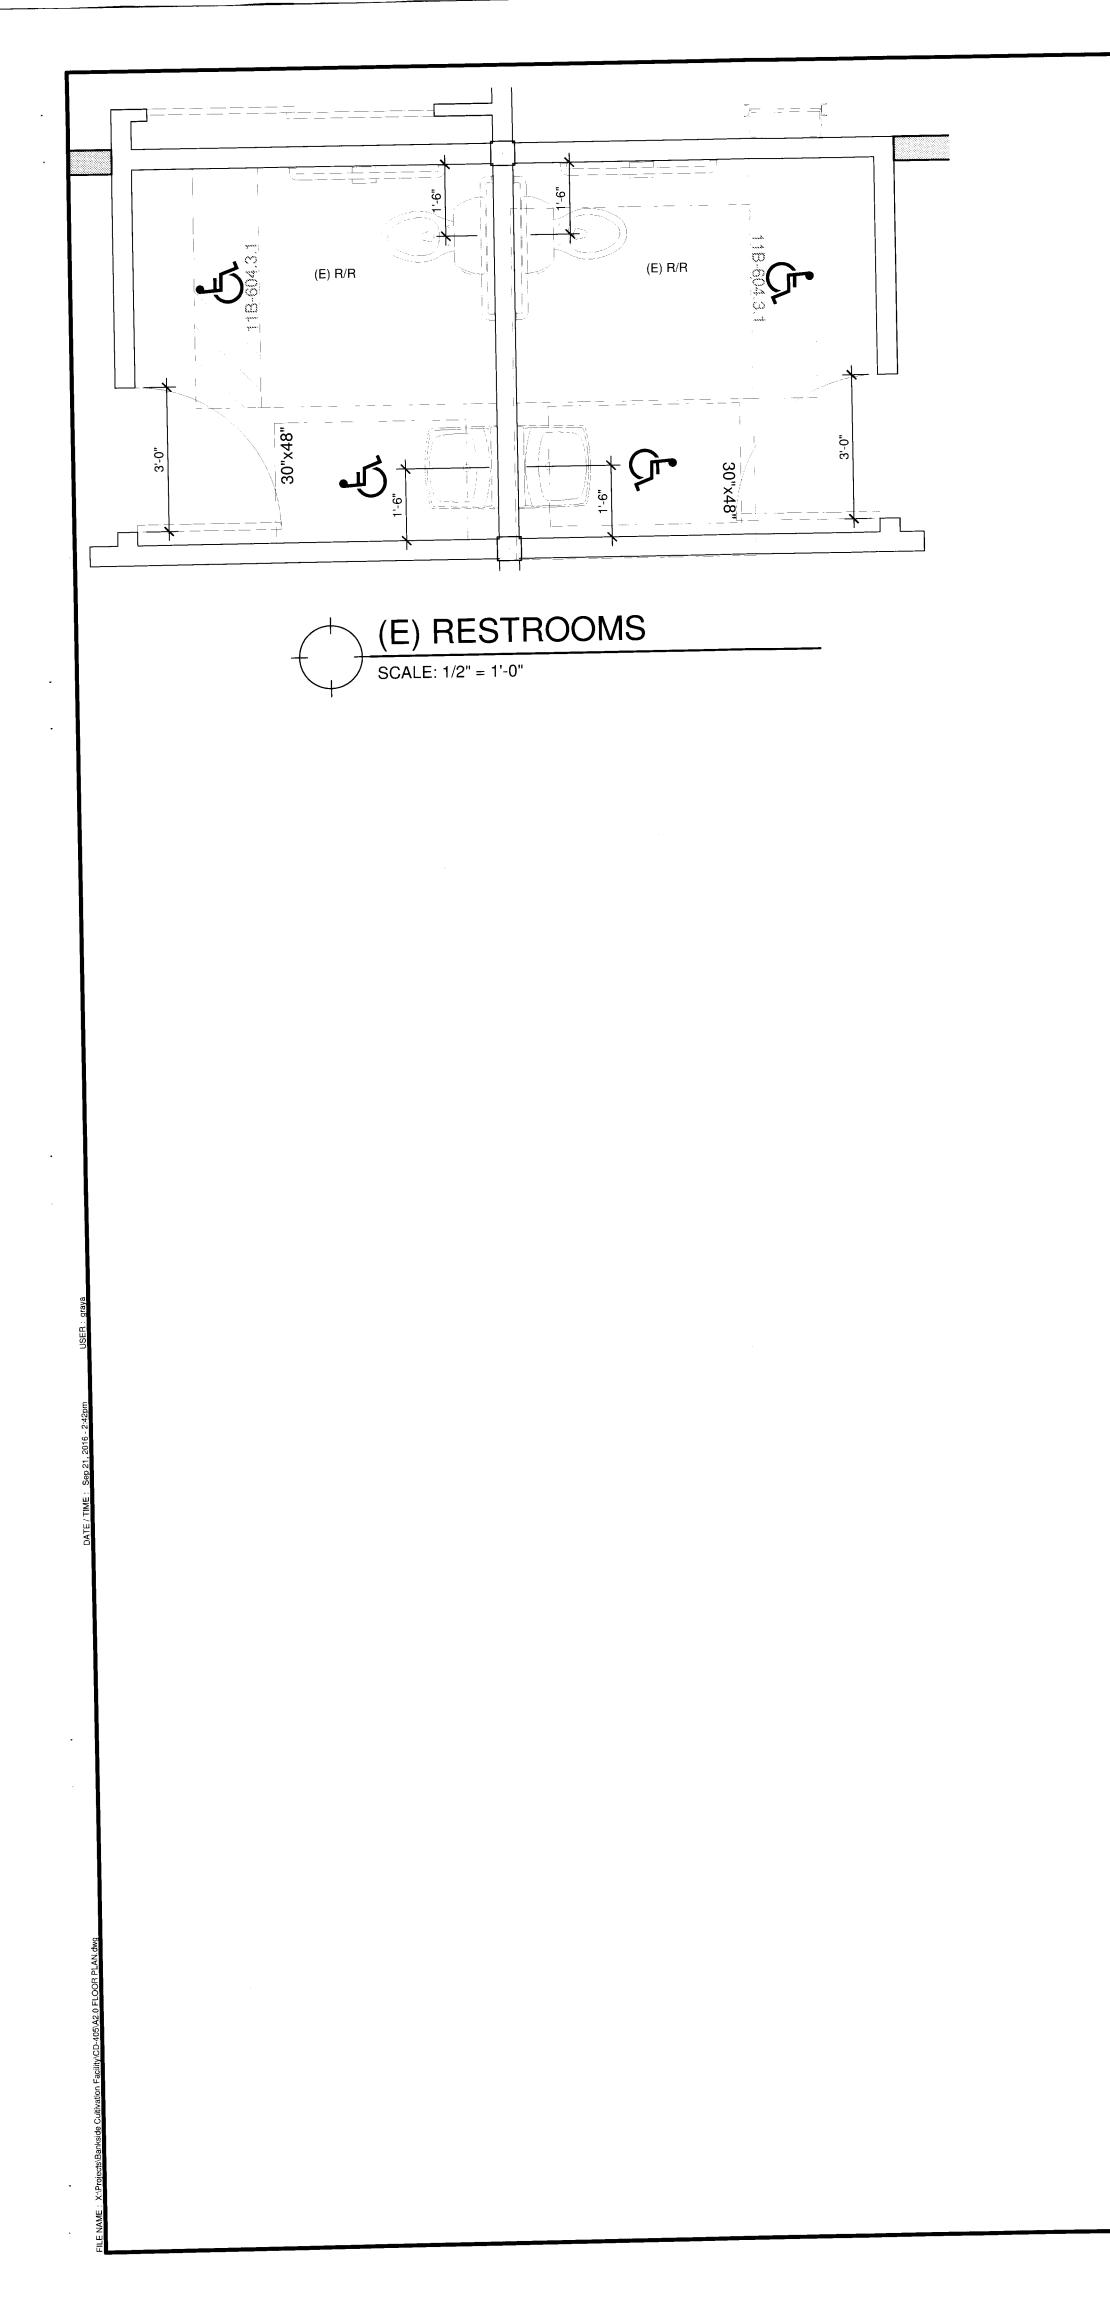

Approved for Planning Entitlements by the Cathedral City Planning Commission on October 5, 2016.

Planning Commission

MEETING DATE: 10/5/2016

Continued from September 21, 2016

CASE NO. Conditional Use Permit No. 16-012

APPLICANT: Iguana Collective, Louis Guerra

LOCATION: 68449 Perez Road (APN: 687-322-008)

REQUEST: Consider a Conditional Use Permit Application to establish a medical cannabis business (dispensary and cultivation site) in a suite within an existing industrial building in the I-1 (Light Industrial) Zoning District located at 68449 Perez Road (APN: 687-322-008).

STAFF PLANNER:

Pat Milos, Community Development Director

RECOMMENDATION:

APPROVE an exemption to the California Environmental Quality Act (CEQA) pursuant to Section 15301, Class 1 (Existing Facilities).

APPROVE Conditional Use Permit No. 16-012 subject to the attached Conditions of Approval and based on the findings contained in the staff report.

FINDINGS:

APPROVAL OF AN EXEMPTION TO CEQA based on the finding that the project qualifies as Categorically Exempt under Section 15301, Class 1 (Existing Facilities) of the State CEQA Guidelines.

APPROVAL OF CONDITIONAL USE PERMIT NO. 16-012, subject to the attached conditions of approval, and based on the following findings:

1. The applicant has been granted a local license (MCL 16-004) in accordance with Chapter 5.88 of the Cathedral City Municipal Code (CCMC).

2. The medical cannabis business to be located at 68449 Perez Road in the I-1 (Light Industrial) Zoning District is authorized as a conditional use per the City of Cathedral City Zoning Ordinance,

Chapter 9.40.

3. The medical cannabis business as well as all operations as conducted therein, fully complies with all applicable building, electrical, zoning and fire codes, accessibility requirements of the Americans with Disability Act (ADA), and all relevant City and State Law.

4. The medical cannabis business fully complies with and meets all operating criteria required pursuant to State Laws, Chapter 5.88 of the CCMC, any other provisions of the CCMC, and any specific, additional operating procedures and measures as may be imposed as part the conditions of approval in this conditional use permit.

5. The number, type, and availability of dispensaries located in or near the proposed licensed premises is such that the issuance of a conditional use permit to the Applicant will not result in or add to an undue concentration of Dispensaries and/or result in a need for additional law enforcement resources.

6. The medical cannabis business is necessary or desirable for the development of the community, is in harmony with the various elements or objectives of the general plan, and is not detrimental to existing uses or to uses specifically permitted in the zone in which the proposed use is to be located.

7. The site for the medical cannabis business is adequate in size and shape to accommodate such use and any and all of the yards, setbacks and walls or fences, landscaping and other features required in order to adjust such use to those existing or permitted future uses on land in the neighborhood.

8. The site for the medical cannabis business relates properly to streets and highways which are designed and improved to carry the type and quantity of traffic generated or to be generated by the proposed use.

9. The applicant agrees to comply with any and all of the conditions imposed by the Planning Commission or be subject to a revocation hearing.

BACKGROUND:

On September 21, 2016, the Planning Commission continued the item to the October 5, 2016, regularly scheduled Planning Commission meeting. This decision was made following a motion for approval which failed on a 2-2 vote. Part of the Planning Commission's discussion at the meeting centered around compatibility of the proposed use with the existing nightclub occupying one of the adjacent suites. Specifically, concerns were expressed regarding the overlapping hours of operation with the night club and potential parking impacts.

As the Planning Commission is aware, the City Council recently enacted a number of ordinances allowing for the establishment of medical cannabis businesses (dispensaries, cultivation sites and manufacturing sites) within certain zoning districts of the City, subject to a Conditional Use Permit

(CUP). The ordinances regulating medical cannabis businesses are codified at CCMC Chapters 5.88 and 9.108 (the "Ordinance").

Under the ordinance, medical cannabis businesses are required to obtain both a medical cannabis license (local license) and CUP. For the local license, applicants are required to submit various documents such as the ownership structure of the medical cannabis business, a general description of the products and services to be provided and security and delivery plans. In addition, all owners, directors, officers and persons who are managing or otherwise responsible for the activities of a proposed medical cannabis business must submit to a background check. The City Manager, or his designee, shall decide whether to approve or deny a local license application.

The Local License application for a dispensary was submitted on April 1, 2016. The Conditional Use Permit was submitted on April 28, 2016. The Local License application was reviewed by staff including the Police Department, the background check completed and the license was granted on August 17, 2016 (see Attachment 4).

There are no exterior changes proposed to the building. Therefore, no review from the Architectural Review Subcommittee is needed. The Planning Commission will take final action on this matter unless it is appealed to the City Council.

ANALYSIS:

The project site is located within the I-1 (Light Industrial) zoning district. The surrounding uses are primarily retail and service commercial uses including a number of automobile repair and auto body shops. The center where the dispensary and cultivation site will be located is comprised of an existing one story, multi-tenant building. The other tenants in the building include a smog shop and night club. Pursuant to CCMC Section 9.108.090, a combined dispensary and cultivation site may only be located within the I-1 (Light Industrial), CBP-2 (Commercial Business Park) and PCC (Planned Community Commercial) Zoning Districts.

Furthermore, no combined dispensary and cultivation site shall be located: a) within six-hundred (600) feet of a school, day care center, or youth center or b) within two hundred and fifty (250) feet of East Palm Canyon Drive or a residential zone. Staff has confirmed that the subject location does not violate any of the applicable location restrictions set forth in the CCMC.

The applicant is proposing to establish the medical cannabis business in a multi-tenant industrial building. The applicant will occupy approximately 7,000 square feet of building area, in which approximately 1,500 square feet will be used for the dispensary (retail), approximately 3,500 square feet for cultivation, and the remaining 2,000 square feet for office and miscellaneous uses. The entire building is approximately 9,000 square feet. The remaining 2,000 square feet are currently occupied by existing businesses. The site is approximately 22,500 square feet.

There are no exterior changes or the addition of square footage proposed to the building. Therefore,

there are no issues with setbacks, building height or number of parking spaces. The applicant is evaluating a number of alternatives to secure the windows and doors including metal bars and gates and security glass. Staff has conditioned the project to ensure the security method chosen will be properly screened from the public street. Upon inspection of the site, there are a number of other concerns that the applicant has agreed to address and have been noted on the Site Plan and incorporated into the Conditions of Approval:

1. Illuminated building address numbers, a minimum of 12" in height, shall be placed on the building.

2. The existing parking area will be required to be repaved, parking stalls restriped and signed, and all existing broken or damaged sidewalk, curb, gutter and drive approach be replaced and/or repaired.

- 3. The existing window mounted air conditioners shall be removed.
- 4. The existing security bars on the exterior of the windows shall be removed.
- 5. Landscaping shall be renovated to comply with current City design standards and requirements.

ENVIRONMENTAL ANALYSIS:

Categorical Exemption under Section 15301, Class 1 (Existing Facilities) of the State CEQA Guidelines, which allows tenant improvements in existing buildings to be exempt. Since there is no outside expansion, this qualifies for a Class 1 Exemption.

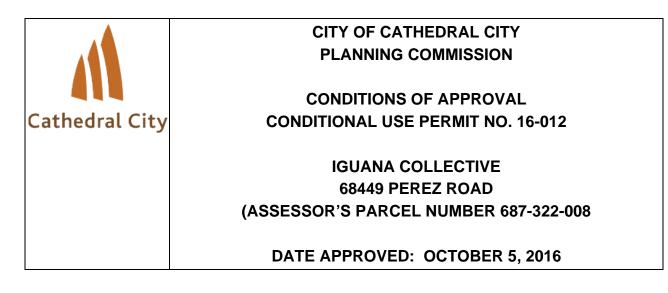

NOTE: The City of Cathedral City Planning Department is custodian of the documents or other material, which constitute the record of proceedings upon which this decision is based.

PUBLIC NOTIFICATION:

This project and the environmental determination were noticed in accordance with the City Municipal Code and CEQA (see Attachment 5).

ATTACHMENTS:

Attachment 1:	Conditions of Approval
Attachment 2:	Site Plan
Attachment 3:	Floor Plan
Attachment 4:	Local License
Attachment 5:	Public Hearing Notice

SECTION 1 ADMINISTRATIVE CONDITIONS

- **1.1** Approval of the medical cannabis (dispensary and cultivation site) within an existing commercial business park is preliminary only. All final working drawings for tenant improvements, if any, shall be submitted to and approved by the Planning and Building Departments prior to issuance of building permits. The development of the property shall conform substantially to the following conditions of approval.
- **1.2** Any deviation from these plans or this approval shall be submitted to the Planning Manager for review and approval.
- **1.3** This approval shall be valid for two years from date of approval, unless extended, pursuant to the Zoning Ordinance.
- **1.4** No Certificate of Occupancy shall be granted until all conditions of approval have been satisfied.
- **1.5** The development of the site shall conform to all ordinances, codes, regulations, policies and development design controls pursuant to the Cathedral City Municipal Code taking effect prior to issuance of any building permits.

SECTION 2 FEES

2.1 The Applicant shall pay all applicable City of Cathedral City fees, charges and other costs as prescribed by City Ordinance, including development impact fees. Be advised that the fees may change at the time they become due and payable, as permitted by applicable law.

NOTICE TO APPLICANT: Pursuant to Government Code Section 66020(d)(1), the 90 day period to protest the imposition of any impact fee, dedication, reservation, or other exaction described in this resolution begins on the effective date of this approval and any such protest must be in a manner that complies with Section

66020(a), and failure to follow this procedure in a timely manner will bar any subsequent legal action to attack, review, set aside, void or annul imposition.

The right to protest the fees, dedications, reservations, or other exactions does not apply to planning, zoning, grading, or other similar application processing fees or service fees in connection with this project. It further does not apply to any fees, dedication, reservations, or exactions for which the applicant has been given a notice similar to this, nor does it revive challenges to any fees for which the Statute of Limitations has previously expired. Current fees are as follow:

SECTION 3 PLANNING

- **3.1** The applicant shall complete the following items prior to the issuance of the Certificate of Occupancy:
 - a. Building address numbers, a minimum of 12" in height, shall be placed on the building, plainly visible from the public street, and be internally or externally illuminated.
 - b. The parking area shall be repaved, parking stalls striped and signed, and all broken or damaged sidewalk, curb, gutter and drive approach replaced and/or repaired as determined by the City Engineer.
 - c. The existing window mounted air conditioners shall be removed.
 - d. The existing security bars on the exterior of the windows shall be removed.
 - e. All signage related to previous tenants shall be removed and the area(s) patched and painted to match the building.
 - f. Landscaping shall be renovated to comply with current City design standards and requirements.
- **3.2** Any and all window and door security devices such as metal bars, gates and shutters shall be installed within the interior of the building and screened from the public street to the satisfaction of the Planning Manager.
- **3.3** Signage is not a part of this approval and shall require a separate Sign Permit.
- **3.4** The applicant shall comply with all applicable provisions of the Cathedral City Municipal Code (CCMC) relating to medical cannabis businesses, including but not limited to those provisions of Chapters 3.48, 5.88 and 9.108, as they may be amended from time to time.
- **3.5** The applicant shall install or provide a sufficient odor absorbing ventilation and exhaust system so that odor generated inside the Medical Cannabis Business that is distinctive to its operation is not detected outside the Medical Cannabis Business, anywhere on adjacent property or public rights-of-way, on or about any exterior or interior common area walkways, hallways, breeze-ways, foyers, lobby

areas, or any other areas available for common use by tenants or the visiting public, or within any other unit located within the same building as the Medical Cannabis Business. As such, Medical Cannabis Businesses must install and maintain the following equipment or any other equipment which the Local Licensing Authority determines has the same or better effectiveness:

- 1. An exhaust air filtration system with odor control that prevents internal odors from being emitted externally; or
- 2. An air system that creates negative air pressure between the Medical Cannabis Businesses' interior and exterior so that the odors generated inside the Medical Cannabis Business are not detectable outside the Medical Cannabis Business.
- **3.6** The Applicant or its legal representative shall execute an agreement indemnifying and holding the City harmless from any and all claims, damages, legal or enforcement actions, including, but not limited to, any actions or claims associated with violation of federal law associated with the operation of the Medical Cannabis Business. This Agreement must be executed as a prerequisite and prior to the issuance of the Certificate of Occupancy.
- **3.7** The Applicant or its legal representative shall maintain insurance in the amounts and of the types that are acceptable to the City pursuant to guidelines and policies set forth by the Local Licensing Authority. Evidence of such insurance must be satisfied as a prerequisite to and prior to the issuance of the Certificate of Occupancy.
- **3.8** The Applicant or its legal representative shall name the City as an additionally insured and certificate holder on all City-required insurance policies. Evidence of such insurance must be satisfied as a prerequisite to and prior to the issuance of the Certificate of Occupancy.
- **3.9** The Applicant or its legal representative agrees to defend, at its sole expense, any action against the City, its agents, officers, and employees related to the approval of the Local License, Conditional Use Permit or the operation of the Medical Cannabis Business.
- **3.10** The Applicant or its legal representative agrees to reimburse the City for any court costs and attorney fees that the City may be required to pay as a result of any legal challenge (or federal enforcement action) related to the City's approval of a Conditional Use Permit. The City may, at its sole discretion, participate at its own expense in the defense of any such action, but such participation shall not relieve the operator of its obligation hereunder.
- **3.11** The Medical Cannabis Business as well as all operations as conducted therein shall comply with all applicable building, electrical, zoning and fire codes, accessibility requirements of the Americans with Disability Act, and all relevant City and State Law.
- **3.12** The Medical Cannabis Business shall comply with and meet all operating criteria required pursuant to State Laws, Chapter 5.88 of the CCMC, any other provisions of the CCMC, and any specific, additional operating procedures and

measures as may be imposed as conditions of approval in the Conditional Use Permit.

- **3.13** Community Development Director or Police Department approval of all security features is required prior to the issuance of a Certificate of Occupancy and/or operation of the medical cannabis business.
- **3.13** Security cameras shall be installed in compliance with the floor plan submitted with the subject application. Such cameras shall be maintained in good condition, and used in an on-going manner with at least 120 hours of digitally recorded documentation in a format approved by the Community Development Director (the "Director"). The cameras shall be in use 24 hours per day, 7 days per week. The areas to be covered by the security cameras shall include, but are not limited to, the public areas, storage areas, all doors and windows, and any other areas as determined to be necessary by the Director and/or the Chief of Police to an extent sufficient to ensure the safety of persons and deter crime.
- **3.14** The Cannabis Facility shall be alarmed with an audible interior and exterior alarm system that is operated and monitored by a recognized security company licensed by the Department of Consumer Affairs, Bureau of Security & Investigative Services. Any change in the security company shall be subject to the approval of the Director.
- **3.15** The Cannabis Facility entrance(s) and all window areas shall be illuminated during evening hours. The applicant shall comply with the City's lighting standards regarding fixture type, wattage, illumination levels, shielding, etc., and secure the necessary approvals and permits as needed.
- **3.16** All windows on the building that houses the Cannabis Facility shall be appropriately secured and all marijuana securely stored.
- **3.17** The applicant shall maintain a current register of the names of all volunteers and employees currently working at or employed by the Cannabis Business.
- **3.18** Medical Cannabis shall be kept in a secured manner during business and nonbusiness hours, in accordance with the required security plan.
- **3.19** The applicant shall have an electronic point of sale system that produces historical transactional data for review by the City Manager for auditing purposes. An "electronic point of sale system" shall mean an electronically operated register or computer system that produces an electronic or automatic paper record for all transactions associated with any product sold, rented or otherwise provided to the facility's members or purchased or received from them.
- **3.20** The applicant must pay any applicable sales tax pursuant to federal, state, and local law.
- **3.21** On-site smoking, ingestion, or consumption of Marijuana or Alcohol shall be prohibited on the premises, including the actual building, as well as any accessory structures, common areas and parking areas. Each building entrance

shall be clearly and legibly posted with a notice indicating that smoking, ingesting, or consuming marijuana on the premises or in the vicinity is prohibited and a violation of the Cathedral City Municipal Code.

- **3.22** Alcoholic beverages shall not be sold, provided, stored, distributed, or consumed on the premises. Neither the applicant nor its related Collective or Cooperative shall hold or maintain a license from the State Department of Alcohol Beverage Control to sell alcoholic beverages, or operate a business that sells alcoholic beverages.
- **3.23** No person under eighteen (18) years of age shall be permitted inside the dispensary portion of the medical cannabis business, unless that person is a medical cannabis patient or primary caregiver and accompanied by a parent or legal guardian. No person under eighteen (18) years of age shall be permitted inside any restricted access areas, including the cultivation portion of the medical cannabis business, under any circumstances.
- **3.24** The building in which the medical cannabis business is located as well as all operations as conducted therein, shall fully comply with all applicable rules, regulations, and laws including, but not limited to, zoning and building codes, Chapter 3.28 of the CCMC requiring application and issuance of a business license, the Revenue and Taxation Code, the Americans with Disabilities Act, and all applicable Federal, State and Local mandates.
- **3.25** The applicant shall fully comply with and meet all operating criteria required pursuant to State Laws, the provisions of this Code, and any specific, additional operating procedures and measures as may be imposed as these conditions of approval, in order to ensure that the operation of the Cultivation Facility is consistent with the protection of the health, safety, and welfare of the community.
- **3.26** The Applicant shall prepare, Implement and make available a written Hazardous Materials Management Plan to include a listing of all hazardous products, chemicals, fertilizers, herbicides, pesticides, lubricants, flammable liquids, bleaches, cleaning supplies, aerosols, etc. that will be stored, or in use on the site and the related Material Data Safety Sheets (MSDS). Ensure safe and proper storage of chemicals and products in accordance with all applicable local, state and federal laws. Insure that when handling hazardous materials use of appropriate personal protective equipment (PPE) is available and used properly. A copy of the Hazardous Materials Management Plan shall be subject to review and approval by the Director.
- **3.27** The Applicant shall provide the names and phone numbers for after hours and weekend contact of responsible parties, who can respond to the facility in the event of a fire or hazardous materials incident and prepare a response plan to address spills and releases of hazardous materials.
- **3.28** The Applicant shall provide the employees with the name and location and phone number of the nearest medical facility to be used in an emergency.

- **3.29** The Applicant shall provide the employees with the name and emergency phone number for the nearest private Hazardous Material Response Company, to clean-up and dispose of spilled hazardous product or waste at the facility.
- **3.30** The Applicant shall post the emergency phone number 9-1-1, for the Cathedral City Fire Department, at the facility.
- **3.31** The Applicant shall update the Hazardous Material Management Plan annually and more frequently if changes in personnel, products or equipment significantly alter the threat to human health or the environment. All such changes are subject to review and approval by the Director.
- **3.32** The Applicant shall provide a plan and proof of coordination with the Regional Water and Waste Water treatment provider to determine appropriate pretreatment procedures, if any, required for industrial effluent from the facility.
- **3.33** The Applicant shall develop and implement an Occupational Health and Safety Administration (OSHA) Hazard Communication Program training program including proper site placarding, record keeping, and emergency notification and reporting procedures.
- **3.34** The Applicant shall fully comply with the Environmental Plan and Emergency Response Plan submitted with their application, and shall update such plans annually and more frequently if determined to be appropriate by the Director. All such changes are subject to review and approval by the Director.
- **3.35** Project shall comply with the most recently adopted version of the California Building Standards Code (Title 24, California Code of Regulations) in effect in Cathedral City and other adopted City Ordinances which include the following:
 - a. CA Building Code
 - b. CA Plumbing Code
 - c. CA Mechanical Code
 - d. CA Electrical Code
 - e. CA Fire Code
 - f. CA Green Building Standards Code
 - g. CA Energy Code
 - h. Chapter 8.34 of the Municipal Code: Building Security
- **3.36** The development of the site shall conform to all ordinances, codes, regulations, policies and development design controls pursuant to the Cathedral City Municipal Code.

SECTION 4 FIRE PROTECTION

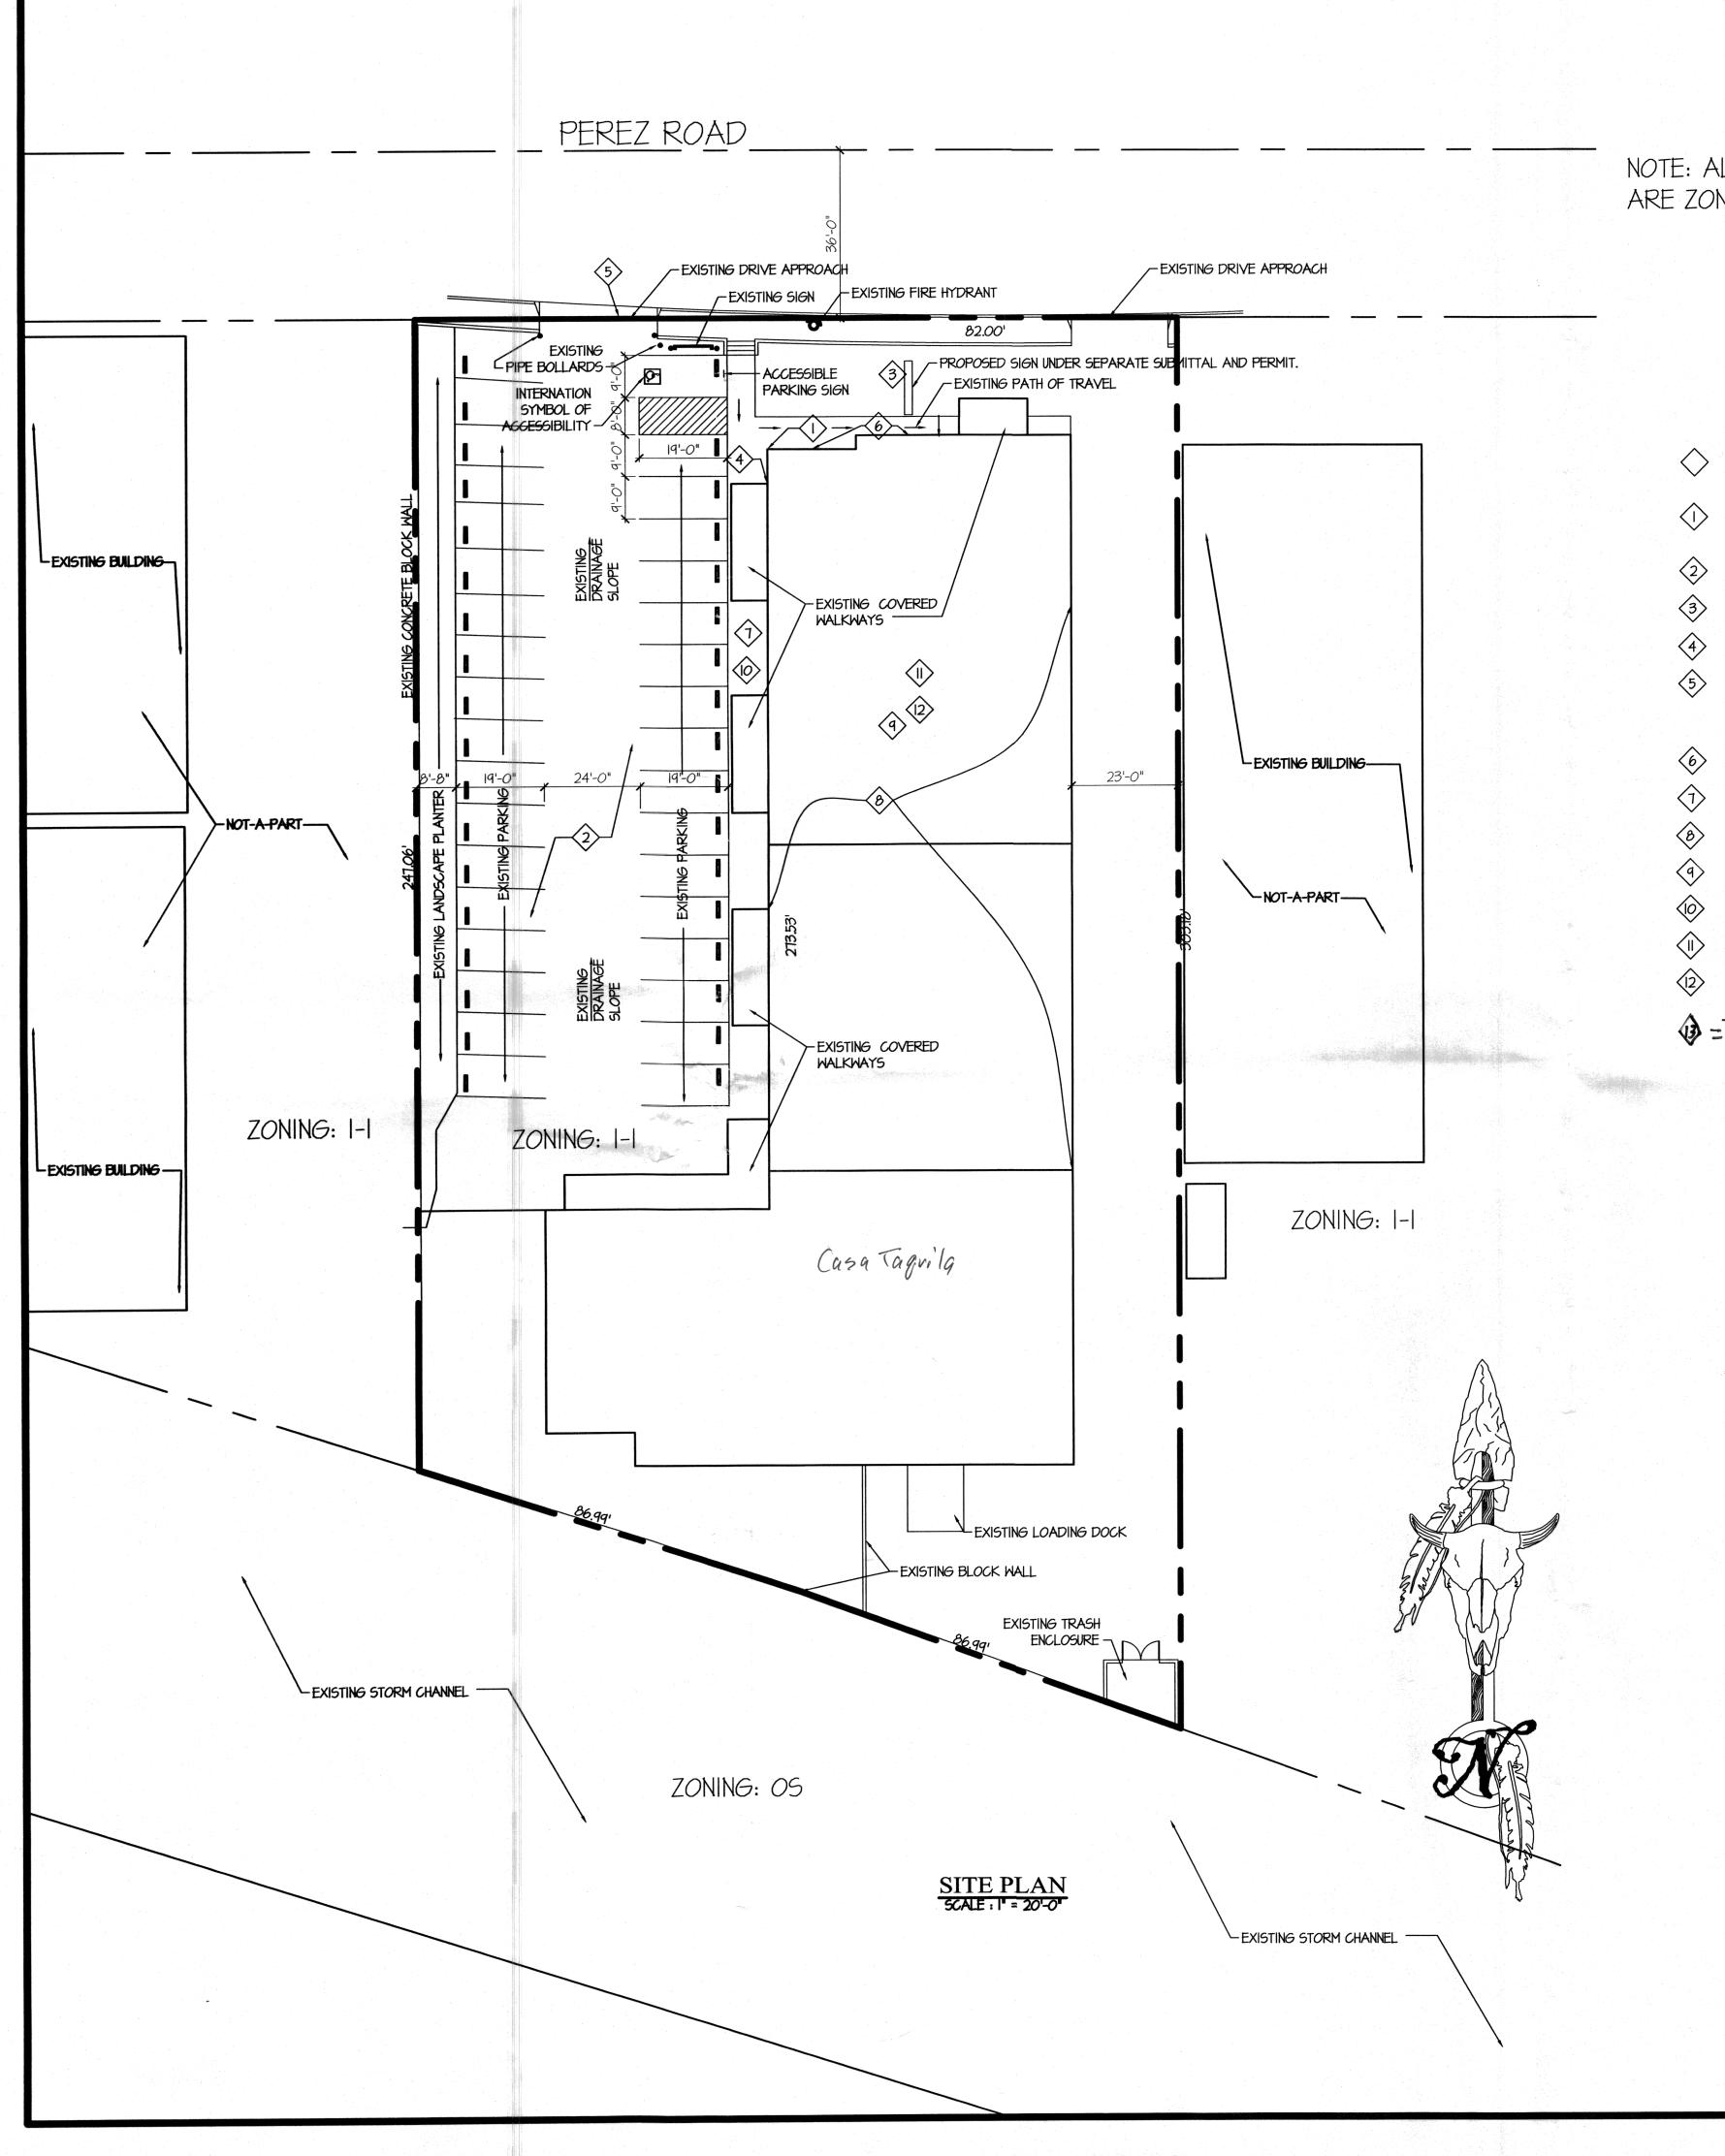

- **4.1** A "Knox"-keyed device, as approved by the Fire Chief, shall be installed on all access gates for emergency access.
- **4.2** A "Knox"-keyed box, as approved by the Fire Chief, shall be installed for all emergency building access.
- **4.3** Fire Department approval is required prior to the issuance of a Certificate of Occupancy and/or operation of the medical cannabis business.
- **4.4** Enhanced building security shall not interfere with exiting of occupants (i.e. customers, employees and vendors), in the event of an emergency.
- **4.5** Fire Lanes shall be maintained at all times for emergency access to the building.
- **4.6** The Automatic Fire Sprinkler System shall be certified as operable by a fire sprinkler servicing company prior to occupancy.

Approved for Planning Entitlements by the Cathedral City Planning Commission on October 5, 2016.
