Agenda Report

File #: 2017-439

Item No: 3.B.

City Council

# **MEETING DATE: 11/8/2017**

# TITLE:

California Public Employees Retirement System (CalPERS) Annual Lump Sum Payment

# FROM:

Tami Scott, Administrative Services Director

# **RECOMMENDATION:**

Staff recommends the City Council authorize an allocation of \$850,000 to make a lump sum payment to (CalPERS).

# BACKGROUND:

In 2017, the CalPERS board approved a reduction in investment rates of return from 7.5% to 7.375% on deposits of funds paid into CalPERS. As a result, this rate reduction increases the City's estimated annual contribution to CalPERS. Over the next three fiscal years, CalPERS will lower their investment rate of return from 7.375% to 7.00%. As a result, there will be an impact on PERS contribution rates and Unfunded Actuarial Liability (UAL) for each of our retirement plans.

## DISCUSSION:

The City of Cathedral City has eight (8) separate retirement plans with CalPERS. The three (3) primary plans are commonly referred to as the Tier 1 (Classic) plans for Fire, Miscellaneous and Police. As of June 30, 2016, these plans are funded at the levels of 77.5%, 76.6% and 76.8%, respectively. By authorizing an annual UAL payment, the City of Cathedral City can be proactive in increasing funding levels and reducing future interest costs. It is anticipated, this will result in a savings to the general fund of approximately \$200,000 over the next 20 years (through FY 38/39).

# FISCAL IMPACT:

# **MEETING DATE: 11/8/2017**

# TITLE:

# Authorization to Purchase Three City Vehicles

# FROM:

Tami E. Scott, Administrative Services Director

# **RECOMMENDATION:**

Staff recommends the City Council authorize the purchase of one Chevrolet Malibu for the City Manager's Department, one Ford Fusion and one Ford Escape for City pool cars.

# BACKGROUND:

Currently, the City Manager's department car is 10 years old and has reached its useful life for out-oftown travel. In addition, the city's two pool cars are also more than 10 years old and require replacement..

# DISCUSSION:

Staff has been obtaining bids from local dealers and is recommending (1) new Chevrolet Malibu from Jessup Chevrolet and (1) Ford Fusion and (1) Ford Escape from Palm Springs Motors at a total price not to exceed \$70,000 plus tax/tags/license fee. The acquisition of the vehicles may vary at time of delivery due to year end incentives not yet announced. Staff would request council authorization to substitute one or more of the vehicles for like models if pricing is more preferential but not exceed the authorized amount. The acquisition of said vehicles was approved during the biennial budget process and is funded through the equipment replacement fund.

# FISCAL IMPACT:

Replacement of the vehicles is funded in the equipment replacement fund.

Housing Successor Agency

# **MEETING DATE: 11/8/2017**

# TITLE: Disposition of Certain Housing Parcels

# FROM:

Tami E. Scott, Administrative Services Director

# **RECOMMENDATION:**

Staff recommends the City Council, acting as the Housing Successor Agency, consider the sale of six vacant housing parcels in the amount of \$60,000

# BACKGROUND:

The City, in its capacity as the Housing Successor to the former Cathedral City Redevelopment Agency ("HS"), has received a full price offer to purchase six vacant lots owned by the Housing Successor from Silverlakes Progressive Funds LLC or assignee for APN's 677-441-011 & 012, 677-442-015, 677-445-014, 677-443-004 & 005, with corresponding addresses of 67460 & 67470 Desert Primrose Trail, 31690 San Juan Trail, and 31690 & 31710 Starlight Trail. These are the paper lots, meaning no streets, curbs, gutters, sidewalks, sewers or storm drains, located near the southeastern portion of the Dream Homes area.

# DISCUSSION:

The offer price for the six R1 zoned parcels is a full price offer as listed in the Multiple Listing Service of \$60,000. As such, staff recommends Council to direct staff to accept this offer, sales proceeds would be deposited into the Housing fund and the fund would be made whole. The proceeds, less 50% of escrow fees, title costs and commission, could then be used for maintenance and assessment costs associated with our remaining housing land inventory. The referenced property is not property previously dedicated for public purpose by map or deed; it is not surplus property and it is not required to be disposed via a Department of Finance approved Long Range Property Management plan.

City Council

# **MEETING DATE: 11/8/2017**

# TITLE:

# Approval of Final Parcel Map 30726 and Subdivision Improvement Agreement

# FROM:

John A. Corella, P.E. - City Engineer

# **RECOMMENDATION:**

Staff recommends the City Council approve the Final Map of Parcel Map 30726; and accept the offers of dedication made thereon for street and drainage purposes, subject to their improvement; and reject the offer of dedication of Lot "F" for street purposes at this time; and approve the vacation and abandonment of several roadway rights of way reserved in the original patents for the Parcel Map land, pursuant to the Subdivision Map Act; and approve the Subdivision Improvement Agreement for Parcel Map 30726 and authorize its execution by the Mayor and City Clerk.

# BACKGROUND:

Tentative Parcel Map 30726 was approved on September 27, 2005, for the development of a ten (10) lot commercial/industrial complex on 18 acres on both sides of Date Palm Drive, just south of Varner Road.

The Tentative Map has been extended several times by State legislation and three times by the City Planning Commission pursuant to City Ordinance 659. There are no more extensions available for this Tentative Map.

This land has been vacant for some time, and the land ownership has gone through several hands. The present Owner/Subdivider is 63 Maxx Development Cathedral City, LLC, a Wyoming Limited Liability Company, (Maxx), which recently took ownership of the land.

# DISCUSSION:

Maxx and its predecessor have worked diligently to complete a Final Map for the subdivision and to provide improvement securities. The Final Map has been submitted, checked, meets the conditions of the Tentative Map approval and is ready for City Council approval.

Maxx has executed a Subdivision Improvement Agreement, secured with sufficient improvement securities in the form of corporate surety bonds. This Agreement requires City Council approval, and the signatures of the Mayor and City Clerk.

The dedications to the City on the Final Map include the widening of Date Palm Drive to current General Plan/North City Specific Plan widths and a short cul-de-sac on the west side of Date Palm Drive. A drainage easement is also offered over a portion of the watercourse along Varner Road. City Council is asked to accept the dedications on the Final Map, subject to the completion of the improvements. Lastly, a road easement is also offered for dedication along the south side of the Final Map, for future access to the vacant properties to the west and to a future reservoir site. Council is asked to reject this offer at this time, until this road is actually needed for public use.

The original land patents for this property, executed in 1959, 1960 and in 1964, reserved certain rights of way for future roadways. These are not now needed, and are being vacated by a certificate on the Final Map, pursuant to authority granted in Sections 66445(j) and 66499.20.2 of the State Subdivision Map Act.

Documents for the processing of the Final Map were submitted on and before the Tentative Parcel Map's September 27 expiration date and Staff has determined that Maxx did make a timely filing, respecting Section 66463.5 (b) of the Subdivision Map Act, and therefore final processing of the Final Map can continue after the technical expiration date.

Maxx must still post cash or security with the County Tax Collector as a guarantee of property tax payment before the Final Map can be recorded, therefore the City Council is asked to make the Final Map approval subject to the recordation of the Final Map with the County Recorder within 90 days of City Council approval. This should be more than adequate time to process the map through the County, and will assure the City that the recordation of Final Map is not unnecessarily delayed.

# RECITALS

A. Subdivider has presented to City an application for the construction of a commercial center on Date Palm Drive, southerly of Varner Road, and has submitted an application for the approval and recordation of a Tentative Parcel Map to divide the site of the commercial center into ten (10) parcels and to thereafter develop the site. The final Parcel Map and the development of the site are subject to the filing and recordation of a final parcel map, pursuant to provisions of the Subdivision Map Act of the State of California and the City's Ordinances and regulations relating to the filing, approval and recordation of subdivision maps. The Subdivision Map Act and the CITY's ordinances and regulations relating to the filing, approval and recordation of subdivision maps are collectively referred to in this Agreement as the "Subdivision Laws".

B. The City Council of the City of Cathedral City has reviewed the applications and has approved Tentative Parcel Map No. 30726 for the subdivision of the land, subject to the Subdivision Laws and to the requirements and conditions of approval imposed thereon by the Approval Action by the City Council on September 28, 2005. The tentative parcel map and all requirements and conditions imposed thereon by the Approval Action are necessary for the public health and safety and for the orderly development of the surrounding area, and are on file in the Office of the City Engineer and are incorporated into this Agreement by reference.

C. The Subdivision Laws establish as a condition precedent to the approval of a final map that Subdivider must have complied with the requirements of the Approval Action and must have either (a) completed, in compliance with City standards, all of the public and private improvement and work required by the Subdivision Laws or the Conditions of Approval or, (b) entered into a secured agreement with City to complete the public and private improvements within a period of time specified by City.

D. In consideration of the approval of the final parcel map for the subdivision and development by the City Council, Subdivider desires to enter into this Agreement, whereby Subdivider promises to install and complete, at Subdivider's own expense, all the public and private improvement work required by City in connection with the proposed subdivision. Subdivider has secured this Agreement by improvement security required by the Subdivision Laws and approved by the City Attorney.

E. Improvement Plans for the construction, installation, and completion of the improvements have been prepared by Subdivider and approved by the City Engineer. The Improvement Plans are on file in the Office of the City Engineer and are incorporated into this Agreement by this reference. All references in this Agreement to the Improvement Plans shall include reference to any specifications for the improvements as approved by the City Engineer.

F. An estimate of the cost for construction of the public and private improvements and performing land development work in connection with the improvements according to the Improvement Plans has been made and had been approved by the City Engineer. The estimated amounts are stated on Page 1 of this Agreement, and the basis for the estimate of the public and private improvements is attached as Exhibit "B" to this Agreement.

G. The City has adopted standards for the construction and installation of improvements within the City. The Improvement Plans have been prepared in conformance with the City standards in effect on the date or approval of the Conditions of Approval.

H. Within thirty (30) days after completion of the required improvements and their acceptance by City, certain survey monuments and markers as specified on the final parcel map shall be installed in accordance with the provisions of the State Subdivision Map Act and with the ordinances of the City.

I. Subdivider recognizes that by approval of the final parcel map, City has conferred substantial rights upon Subdivider, including the right to sell, lease, or finance lots within the parcel map, and that Subdivider has taken the final acts necessary to subdivide the property within the parcel map. As a result, City will be damaged to the extent of the cost of installation of the improvements by Subdivider's failure to perform its obligations under this Agreement, including, but not limited to, Subdivider's obligation to complete construction of the improvements by the time established in this Agreement. City shall be entitled to all remedies available to it pursuant to this Agreement and law in the event of a default by Subdivider. It is specifically recognized that the determination of whether a reversion to acreage or rescission of the lots and parcels within the parcel map constitutes an adequate remedy for default by the Subdivider shall be within the sole discretion of City.

NOW, THEREFORE, in consideration of the approval and recordation by the City Council of the final map for Parcel Map No. 30726, Subdivider and City agree as follows:

# 1. <u>Subdivider's Obligation to Construct Improvements.</u>

Subdivider shall:

(a). Comply with all the requirements and conditions in the Approval Action and any amendments thereto, and with provisions of the Subdivision Laws.

(b). Complete at Subdivider's own expense, all the public and private improvement work on as required on the Tentative Map of Parcel Map No. 30726, and in the Approval Action, all in conformance with approved Improvement Plans and the City standards, within **twenty-four (24) months** of the date of final parcel map approval by the City Council, or by the date of final City Building Division inspection and approval of any of the first two commercial buildings constructed within Parcel Map No. 30726, on any parcel or parcels, whichever date is the earliest.

(c). Furnish the necessary materials for completion of the public improvements in conformity with the Improvement Plans and City standards.

(d). Acquire and dedicate, or pay the cost of acquisition by City, of all rights-of-way, easements and other interests in real property for construction or installation of the public improvements, free and clear of all liens and encumbrances. The Subdivider's obligations with regard to acquisition by City of off-site rights-of-way, easements and other interests in real property shall be subject to a separate agreement between Subdivider and City. Subdivider shall also be responsible for obtaining any public or private drainage easements or authorizations to accommodate the development of the parcel map.

(e) Commence construction of the improvements and complete the improvements by the deadline stated in paragraph 1(b) above, unless a time extension is granted by the City as authorized in Section 19.

(f). Install all subdivision monuments, property corners, and other survey markers as shown on the recorded parcel map and required by law within thirty days after the completion of the public improvements and prior to their acceptance by the City.

# 2. Security

(a). Subdivider shall at all times guarantee Subdivider's performance of this Agreement by furnishing to City, and maintaining, good and sufficient security as required by the Subdivision Laws, on forms approved by City for the purposes and in the amounts as follows:

(i). \$ 1,757,600.00 to assure faithful performance of this Agreement in regard to said improvements which is 100% of the estimated cost of the public and private improvements set forth in Exhibit "B"; and

(ii). \$ 878,800.00 to secure payment to any contractor, subcontractor, persons renting equipment, or furnishing labor materials for the improvements required to be constructed or installed pursuant to the Agreement, which is 50% of the estimated cost of the improvements, set forth in Exhibit "B" and

(iii). \$ 175,760.00 to guarantee or warranty the work done pursuant to this Agreement for a period of one year following acceptance thereof by City against any defective work or labor done or defective materials furnished, which is 10% of the estimated cost of the improvements set forth in Exhibit "B", which warranty security is to be provided to the City prior to the City's release of any bonds or securities filed with this Agreement; and

(iv). \$ 10,000.00 in cash, to assure the placement of permanent survey monuments, lot corners, stakes and markers as shown on the final parcel map, to provide centerline ties to the City Engineer, and to provide corner records to the County Surveyor, if applicable, and to guarantee payment to the licensed surveyor or civil engineer of record for the performance of these actions.

(b) The Improvement Securities required by this Agreement shall be kept on file with the City Clerk. If surety bonds are used, they must be issued by a surety company currently admitted to transact surety insurance business in California by the California Department of Insurance, with a Best's Insurance Guide rating of no less than "A-" ("A-minus"). The terms of any documents evidencing such Improvement Securities as set forth in this Section 2 or

referenced on Page One (1) of this Agreement, are incorporated into this Agreement by this reference as if set forth fully herein. If any Improvement Security is replaced by another type or kind of approved Improvement Security, subject to the approval of the form thereof by the City Attorney, the replacement shall be filed with City Clerk and, upon filing, shall be deemed to have been made a part of and incorporated into this Agreement. Upon filing of a satisfactory replacement Improvement Security with the City Clerk, the former Improvement Security shall be released.

(c) Subdivider agrees to keep its Improvement Securities in full force and effect until they are reduced or released by City. If any Improvement Security provided by Subdivider is cancelled or terminated for any reason by the action of a surety, financial institution or other party, it shall be the responsibility of the Subdivider to immediately, upon written notice from City, provide a substitute Improvement Security which conforms to all the requirements of this Section 2 in the same amount or amounts.

(d) Except as otherwise provided in this Agreement, any additions, changes, alterations, or modifications of this Agreement or to the Plans, Specifications and Improvements referred to herein, including any extension of time within which the work hereunder may be completed, shall not release or exonerate any surety or sureties on the Improvement Security given in connection with this Agreement.

# 3. <u>Alterations to Improvement Plans; Modification of City Standards.</u>

(a) Any changes, alterations or additions to the Plans or to the Improvements, not exceeding 10% of the original estimated cost of the Improvements, which are mutually agreed upon by City and Subdivider, shall not require Developer to increase any Improvement Securities provided under this Agreement. In the event such changes, alterations, or additions exceed 10% of the original estimated cost of the Improvements, Subdivider shall provide additional Performance Security as required by Section 2 of this Agreement for 100% of the total estimated cost of the Improvements as changed, altered, or amended, minus any completed partial releases allowed by Section 6 of this Agreement. Subdivider shall also provide additional Labor & Materials Security as required by Section 2 of this Agreement for 50 % of the total estimated cost of the Improvements as changed, altered, or amended.

(b) Subdivider shall construct all Improvements in accordance with the City Standards in effect as of the date of the Approval Action specified on Page One (1) hereof. The City reserves the right to modify the Standards applicable to the subdivision created by the recordation of the parcel map and this Agreement, when necessary to protect the public safety or welfare or to comply with applicable State or Federal law or City zoning ordinances. If Subdivider requests and is granted an extension of time for completion of the Improvements, the City may apply the Standards in effect at the time the extension is granted.

# 4. Modification of Drainage Plan.

0

Subdivider agrees that if during the course of construction and installation of Improvements it shall be determined by the City Engineer that revision of the drainage plan is necessary in the public interest, it will undertake such design and construction changes as may be reasonable and as are indicated by the City Engineer and approved by City. Said changes, if any, shall be confined to the Property.

# 5. Inspections; Final Acceptance and Certification of Improvements.

(a) Subdivider shall at all times maintain proper facilities and safe access for inspection of the Improvements by City inspectors and to the shops wherein any work is in preparation.

(b) Upon completion of the Improvements covered in this Agreement, the Subdivider shall request a final inspection by the City Engineer or his/her authorized representative. Following receipt of such request, the City Engineer shall inspect the Improvements, make certain determinations and take certain actions as follows:

(i) If the City Engineer, or his/her authorized representative, determines that the Improvements requiring dedication to and acceptance by the City for public use (the "Public Improvements") have been completed in accordance with this Agreement, then the City Engineer shall certify the completion of the Public Improvements by placing a resolution on the next most convenient City Council agenda seeking: (1) formal acceptance of the Public Improvements; (2) release of the Improvement Securities; and (3) authorization to file and record a Notice of Completion. Said determination by the City Engineer and agendization of the acceptance and release shall not be unreasonably withheld or delayed. Any certification and/or acceptance of the Public Improvements shall not constitute a waiver of any defects by City.

(ii) For Improvements not requiring dedication to or acceptance by the City (the "Private Improvements"), the City Engineer or his/her authorized representative shall inspect such improvements, and/or shall have the discretion to accept a certification from Subdivider's registered civil engineer stating that the Private Improvements have been completed in accordance with the approved Plans, City Standards and the Tentative Map. If the City Engineer, or his/her authorized representative, makes a finding, based on his/her own inspection (and/or any certification submitted by Subdivider's registered civil engineer) that the Private Improvements have been installed and constructed in accordance with the approved Plans, City Standards and the Tentative Map, the City Engineer shall recommend certification of the completion of the Private Improvements by placing an item on the next most convenient City Council agenda requesting certification and authorization to release the Improvement Securities. Said determination by the City Engineer and agendization of the certification and release shall not be unreasonably withheld or delayed.

(c) Subdivider shall bear all costs of inspection and certification of the Improvements.

# 6. <u>Release of Improvement Securities.</u>

Except as otherwise provided in this Agreement, the Improvement Securities shall be released only as specified in this Section:

(a) The Performance Security shall be fully released only upon the final completion and certification of all Public and Private Improvements, and after acceptance of the Public Improvements by the City Council. Partial releases may be permitted subject to the provisions of Subsections (a)(i) and (a)(ii) hereof. Upon final completion of the Public and Private Improvements under this Agreement, and after City Council acceptance/certification, the City shall file a Notice of Completion in accordance with the California Civil Code.

(i) The City Engineer may release a portion of the Performance Security, as work on the Improvements progresses, upon written application thereof by the Subdivider; provided, however, that no such release shall be considered by City until the value of the work remaining to be completed is twenty percent (20%) or less of the estimate of the total amount of work to be done as shown in Exhibit "B". Upon approval of a partial release or the reduction of Performance Security, the City shall not reduce such Performance Security to an amount less than two hundred percent (200%) of the value of the work remaining to be done. City and Subdivider agree that not more than two requests for reduction or partial release of Performance Security shall be considered between the start of construction and the completion and acceptance/certification of the Improvements by the City.

(ii) In no event shall the City Engineer authorize a release of the Performance Security which would reduce such security to an amount below that required to guarantee the completion of the Improvements and any other obligations imposed upon Subdivider by this Agreement.

(iii) No partial reduction or release of the Performance Security shall constitute or be construed as the City's acceptance of any Improvements or related work. Such partial reductions or releases (if any) will merely reflect that a certain portion of the required work has been done.

(b) The Labor & Materials Security shall, ninety (90) days after the City's recordation of the Notice of Completion described Subsection 6(a), be reduced to an amount equal to the total claimed by all claimants for whom liens have been filed and of which notice has been given to City, plus an amount reasonably determined by the City Engineer to be required to assure the performance of any other obligations secured by the Labor & Materials Security and to cover legal costs. The balance shall be released upon the settlement of all claims and obligations for which the Labor & Materials Security was given. If no claims or liens have been filed and no notice has been given to City within said ninety (90) day period, then the Labor & Materials Security shall be released in full.

(c) The Warranty Security shall not be released until after the expiration of the oneyear (1-year) warranty period and until any claims filed during the warranty period have been settled. As provided in Section 10, below, the warranty period shall not commence until final acceptance/certification of the Improvements and related work by the City Council.

(d) The Monumentation Security may be released in full by the City Engineer in accordance with the terms of the separate monument agreement with the City, or if there is none, upon submittal of the following:

(i) a written certification from the professional engineer or surveyor responsible for setting the monuments stating that all the final monuments, boundary corners and lot corners for the Subdivision have been set in accordance with the Professional Land Surveyors Act and the Subdivision Map Act, and that the professional engineer or surveyor has been paid in full by Subdivider for such services; and

(ii) centerline tie sheets prepared in a manner acceptable to the City Engineer showing the locations of centerline monuments in existing public or private streets.

(e) Except as otherwise provided in the Subdivision Laws (including, without limitation, Section 66499.19 of the California Government Code), the City may retain from any Improvement Securities released an amount sufficient to cover costs and reasonable expenses and fees actually incurred by the City, including reasonable attorneys' fees.

# 7. Injury to Public Improvements, Public Property or Public Utilities Facilities.

Subdivider shall replace or repair, or cause the repair or replacement of any and all public or private improvements, public utilities facilities and survey or subdivision monuments which are destroyed or damaged as a result of any work done by Subdivider or its agents under this Agreement. Subdivider shall bear the entire cost of replacement or repairs of any and all public or private improvements or utility property damaged or destroyed by reason of any work done by Subdivider or its agents under this Agreement, whether such property is owned by the United States or any agency thereof, or the State of California, or any agency or political subdivision thereof, or by the City or any public or private utility corporation or by any combination of such owners. Any repair or replacement shall be made to the reasonable satisfaction, and subject to the approval of the City Engineer and the owner of any such public or private improvement.

# 8. <u>Permits.</u>

Subdivider shall, at Subdivider's expense, obtain all necessary permits and licenses for the construction and installation of the Improvements, give all necessary notices and pay all fees and taxes required by law.

# 9. Notice of Breach/Default of Subdivider.

9

(a) Default of Subdivider shall include, but not be limited to:

(1) Subdivider's failure to timely complete construction of the Improvements;

(2) Subdivider's failure to timely cure any defect in the Improvements;

(3) Subdivider's failure to perform substantial construction work for a period of twenty (20) calendar days after commencement of the work;

(4) Subdivider's insolvency, appointment of a receiver, or the filing of any petition in bankruptcy either voluntary or involuntary which Subdivider fails to discharge within thirty (30) days;

(5) the commencement of a foreclosure action against the Property or a portion thereof, or any conveyance in lieu or in avoidance of foreclosure;

(6) Subdivider's failure to keep the Improvement Securities in full force and effect;

(7) Subdivider's failure to notify the City of any sale, transfer or other disposition of the Property to a purported new subdivider or developer;

(8) Subdivider's failure to maintain insurance; or

(9) the failure of Subdivider or Subdivider's contractors, subcontractors, agents or employees to comply with any other terms and provisions of this Agreement.

(b) In the event of any such default, the City Engineer or the City Council may serve written notice to Subdivider specifying in reasonable detail the nature of the default. Subdivider shall have thirty (30) days from receipt of said notice to cure the default; provided that, if the default is not reasonably susceptible to being cured within said thirty (30) days, Subdivider shall have a reasonable period of time to cure the default so long as Subdivider commences to cure the default within said thirty (30) days and diligently prosecutes the cure to completion.

(c) If following service of such written notice of default, Subdivider fails to cure or commence curing the default to the satisfaction of City within the cure period specified in Subsection 9(b), above, the City Engineer or the City Council may serve notice of Subdivider's default upon Subdivider and where applicable Subdivider's surety, or the holder(s) of any other Improvement Securities, in accordance with the notice provisions set forth in Section 21 of this Agreement.

(d) In the event of service of the notice of default specified in Subsection 9(c), above, Subdivider's surety shall have the duty to take over and complete the Improvements and related work required under this Agreement; provided; however, that if the surety, within twenty (20) days after the serving upon it of such notice of default, does not give the City written notice of its intention to take over the construction of said Improvements or does not, within ten (10) days after giving City notice of such election, commence to complete the Improvements, City may take over the work and prosecute the Improvements to completion, by contract or by any other method City may deem advisable, for the account and at the expense of Subdivider, and Subdivider's surety shall be liable to City for any costs or damages occasioned City thereby; and, in such event, City, without liability for so doing, may take possession of, and utilize in

The City shall have the right, subject to this Section, to draw upon or utilize the appropriate Improvement Securities to mitigate City's damages in event of default by Subdivider. The right of City to draw upon or utilize the Improvement Securities is additional to and not in lieu of any other remedy available to City. It is specifically recognized that the estimated costs and amounts of Improvement Securities may not reflect the actual cost of construction or installation of the Improvements, and therefore, City's damages for Subdivider's default shall be measured by the actual cost of completing the required Improvements. The sums provided by the Improvement Securities may be used by City for the completion of the Improvements in accordance with the Plans.

(f) Failure of Subdivider to comply with the terms of this Agreement, including but not limited to, construction of all the Improvements as set forth herein and as required by the Tentative Map, shall constitute Subdivider's consent to: (1) the filing by City of a notice of violation against all of the lots in the Subdivision; (2) a rescission by the City Council of the map approval; (3) action by City to otherwise revert the Subdivision to acreage; and (4) withholding of Building permits, utility connections and/or Certificates of Occupancy. The remedies provided by this Subsection (f) are in addition to and not in lieu of any other remedies available to City at law or in equity. Subdivider agrees that the choice of remedy or remedies for Subdivider's default or breach shall be in the sole discretion of City.

(g) In the event that Subdivider fails to perform any obligation hereunder, Subdivider agrees to pay all costs and expenses actually incurred by City in securing performances of such obligations, including costs of suit and reasonable attorney's fees.

(h) The failure of City to take an enforcement action with respect to a default, or to declare a default or breach, shall not be construed as a waiver of that default or breach, or of any subsequent default or breach of Subdivider. Any failure by the City to enforce any provision of this Agreement shall not be construed as a waiver of the right to compel enforcement of such provision(s) and further shall not act to release any surety from its obligations under this Agreement.

# 10. Warranty.

٠

(a) For a period of one (1) year after final acceptance/certification by the City Council of the Improvements, Subdivider shall guarantee or warranty the Improvements against any defective work or labor done or defective materials furnished. If within the warranty period any work relating to the Improvements or any part of thereof furnished, installed, constructed or caused to be done, furnished, installed or constructed by Subdivider fails to fulfill any of the requirements of this Agreement or the Plans, Subdivider shall without delay and without any cost to City, commence to repair or replace or reconstruct any defective or otherwise

unsatisfactory part or parts of the work or structure within thirty (30) days of receiving written notice from City of the defect and diligently prosecute the repair or replacement work to completion.

(b) Should Subdivider fail to act promptly or in accordance with the repair/replacement requirements set forth herein, Subdivider hereby authorizes City, at City's option, to perform the repair/replacement work twenty (20) days after mailing written notice to Subdivider and to Subdivider's surety, and Subdivider agrees to pay City for the cost of such work.

(c) Should the City determine that an emergency or a threat to the public safety and welfare exists from the condition of the Improvements which require repairs, replacements or remedial measures to be made before Subdivider can be notified, City may, in its sole discretion, make the necessary repairs or replacements or perform the necessary work and Subdivider shall pay to City the cost of such repairs.

# 11. Subdivider Not Agent of City.

Neither Subdivider nor any of Subdivider's agents, officers, employees, or contractors are or shall be considered to be agents of City in connection with the performance of Subdivider's obligations under this Agreement.

# 12. Injury to Improvement Work; Risk of Loss.

Until such time as the Public Improvements are accepted by City, Subdivider shall be responsible for and bear the risk of loss to any of the Public Improvements constructed or installed and shall be responsible for the care, maintenance of and any damage to such Public Improvements. Neither City, nor any of its agents, officers or employees shall be liable or responsible for any accident, loss or damage, regardless of cause, happening or occurring to the Public Improvements specified in this Agreement prior to the completion and acceptance of the Public Improvements by City. All such risks shall be the responsibility of and are hereby assumed by Subdivider. Subdivider is responsible for and shall bear the risk of loss for all Private Improvements at all times.

# 13. Other Agreements.

Nothing contained in this Agreement shall preclude City from expending monies pursuant to agreements concurrently or previously executed between the Parties, or from entering into agreements with other subdividers for the apportionment of costs of water and sewer mains, or other improvements, pursuant to the provisions of City ordinances providing therefor, nor shall anything in this Agreement commit to any such apportionment.

# 14. Subdivider's Obligation to Warn Public During Construction.

Until final acceptance/certification of the Public Improvements pursuant to Section 5(b)(i), and final certification of construction of the Private Improvements pursuant to Section 5(b)(ii), Subdivider shall give good and adequate warning to the public of each and every dangerous condition existent in said Improvements, and will take all reasonable actions to protect the public from such dangerous conditions on or around the work site.

# 15. Vesting of Ownership.

Upon acceptance of the Public Improvements and related work on behalf of the City, and after recordation of the Notice of Completion, ownership of the Public Improvements and any improvement constructed on any public street or alleys pursuant to this Agreement shall vest in City.

# 16. Indemnity/Hold Harmless.

Neither the City, nor any official, officer, employee, contractor or agent thereof, (a) shall be liable for any injury to persons or property occasioned by reason of the acts or omissions of Subdivider, its agents, subcontractors or employees in the performance of this Agreement. Subdivider hereby agrees to, and shall defend (with legal counsel reasonably acceptable to the City) and hold harmless City, its elective and appointive boards, commissions and officers, and its agents, contractors and employees from and against any and all claims, demands, causes of action, damages, costs, expenses, actual attorneys' fees, consultant's fees, expert's fees, losses or liability, in law or in equity, of every kind and nature whatsoever arising out of or in connection with Subdivider's operations, or any subcontractor's operations, to be performed under this Agreement for Subdivider's or subcontractor's tort negligence including active or passive, or strict negligence, including but not limited to personal injury including, but not limited to bodily injury, emotional injury, sickness or disease, or death to persons and/or damage to property of anyone, including loss of use thereof, caused or alleged to be caused by any act or omission of Subdivider or any subcontractor, or anyone directly or indirectly employed by any of them or anyone for the full period of time allowed by law, with the exception of the sole negligence or willful misconduct of City.

(b) Subdivider's indemnity, defense and hold harmless obligations under this Section 16 are not conditioned or dependent upon whether City, or its elective and appointive boards, commissions and officers, or its agents, contractors and employees, prepared, supplied or reviewed any Plans or related specifications in connection with the Improvements, or whether City or Subdivider has insurance or other indemnification covering any of these matters.

(c) Subdivider's obligation to indemnify, hold harmless and defend City shall extend to injuries to persons and damages to or alleged taking of property resulting from the design or construction of the Improvements. City's acceptance and/or certification of the Improvements

shall not constitute an assumption by City of any responsibility or liability for any damage or alleged taking of property referenced herein. City shall not be responsible or liable for the design or construction of the Improvements constructed or installed pursuant to the Plans, unless the particular Improvement design was required by City over the written objection of Subdivider, which objection stated that the Improvement design was potentially dangerous or defective and set forth а safe and feasible alternative design. After City's acceptance/certification of the Improvements, Subdivider shall remain obligated to correct or eliminate all dangerous conditions caused by defects in design or construction; provided, however, that the Subdivider shall not be responsible for routine maintenance. Subdivider acknowledges and agrees that Subdivider shall be responsible and liable for the design and construction of the Improvements and other work done pursuant to this Agreement, and except as may be provided above, City shall not be liable for any acts or omissions in approving. reviewing, checking, correcting or modifying any Plans, or in inspecting, reviewing or approving any work or construction of Improvements. Subdivider's Improvement Securities shall not be required to secure, and shall not secure, Subdivider's obligations under this Section 16.

# 17. Sale or Disposition of Subdivision; Assignment.

(a) Subdivider acknowledges and agrees that sale, transfer or other disposition of the Property prior to completion of the Improvements required hereunder will not relieve Subdivider from the obligations set forth in this Agreement, and Subdivider shall be required to notify City sixty (60) day in advance of any sale or transfer of ownership of the Property or any proposed assignment of this Agreement. If Subdivider sells or otherwise transfers the Property to any other person or entity prior to final completion of the Improvements, or wishes to assign this Agreement, Subdivider may request a novation of this Agreement and a substitution of Improvement Securities by the new owner or proposed assignee (hereinafter collectively for purposes of this Section, "Successor"). Subdivider shall be required to provide any documentation reasonably required by City to determine the appropriateness of any proposed Successor.

(b) Any proposed Successor must demonstrate to the City its ability to perform and complete the obligations of Subdivider under this Agreement, as determined by objective standards of financial capability, creditworthiness and experience required for such performance, and the City shall have the right to compel the Successor to disclose all documents, information and other material which, in City's sole reasonable discretion, may establish or tend to establish that the proposed Successor meets the standards specified herein. Following approval by City and full execution of a novation (or other such release or assignment and assumption agreement(s) entered into by Subdivider, Successor and City), posting of satisfactory replacement Improvement Securities and submission of required insurance by Successor, City shall immediately release the Improvement Securities posted by Subdivider in accordance with the provisions of such novation (or other such release or assignment and assumption agreement entered into by Subdivider, Successor and City), and Subdivider in accordance with the provisions of such novation (or other such release or assignment and assumption agreement entered into by Subdivider, Successor and City), and Subdivider shall have no further obligations under this Agreement except as otherwise provided in the novation

(or other such release or assignment and assumption agreement entered into by Subdivider, Successor and City).

(b) Any such extension may be granted without notice to Subdivider's surety and shall not affect the validity of this Agreement or release the surety or sureties on any Improvement Securities given for this Agreement. However, City reserves the right to require as part of any extension amendment a written assurance from the surety acceptable to the City Attorney that the Improvement Securities required by Section 2 of this Agreement shall remain enforceable throughout the term of any extension.

(c) The City Manager shall be the sole and final judge as to whether or not good cause has been shown to entitle Subdivider to an extension. In addition, the time for completion of the Improvements shall be extended for any delay resulting from an act of City, or from an act of God, which Subdivider could not have reasonably foreseen, or by storm or inclement weather which prevents the conducting of work, or by strikes, boycotts, similar actions by employees or labor organizations, which prevent the conducting of work, and which were not caused by or contributed to by Subdivider, provided that Subdivider provides City with written notice of the delaying event within fifteen (15) days of the commencement of the delay. In the event of such delaying event, Subdivider shall use all reasonable efforts to remedy same and resume completion of the Improvements as promptly as practicable.

City Council

# **MEETING DATE: 11/8/2017**

#### TITLE: Healthy Default Beverages in Kid's Meals

#### FROM:

Charlie McClendon, City Manager

#### **RECOMMENDATION:**

Staff recommends the City Council provide second reading and adopt an ordinance requiring restaurants offering children's meals to provide, as a default beverage, milk or water.

#### BACKGROUND:

MPT Pettis requested a discussion item on the topic of requiring restaurants offering kid's meals to provide, as a default beverage, a non-sugared drink such as milk or water. On August 23, 2017 Council discussed the topic in study session and asked staff to solicit input from the Chamber of Commerce and to prepare an ordinance for future consideration. The proposed ordinance was introduced and received first reading on October 25, 2017.

#### DISCUSSION:

Some jurisdictions have adopted ordinances requiring restaurants offering kid's meals to provide, as a default beverage, a non-sugared drink such as milk or water. An ordinance along these lines was discussed during the study session on August 23, 2017.

Public health, specifically fighting childhood obesity, is typically cited as the public policy reason for such an ordinance.

As requested by Council, the Greater Coachella Valley Chamber of Commerce conducted a survey of their restaurant members. The survey was completed by 40 restaurants. Of the 40 who responded, twenty indicated that they offer a kid's meal that includes a drink. Of the twenty offering a kid's meal all twenty indicated that their current offering includes a sugary drink. All twenty also answered affirmatively that they would be willing to substitute a sugar-free drink such as milk or water. The survey summary is attached.

## File #: 2017-453

  - (2) Milk or non-dairy milk alternatives, such as soy milk or almond milk.

B. Nothing in this Section prohibits a restaurant from selling, or a customer from purchasing, a substitute or alternative beverage instead of the default beverage offered with a children's meal, if requested by the purchaser of the children's meal.

C. All restaurants shall complete an initial self-certification certifying whether they offer children's meals and if so, certifying that they comply with the provisions of this Section. Subsequently, restaurants that sell children's meals shall complete an annual self-certification, certifying that they comply with the provisions of this Section, as may be modified from time to time at the discretion of the City.

#### FISCAL IMPACT:

Some staff work will be required to obtain certifications from the restaurants and provide enforcement. This will be handled by existing staff.

#### TITLE:

Agreement with the City of Palm Springs for the Local Share of the Preliminary Engineering (PE), Right of Way (RW), and Construction (CON) Phase of the Ramon Road Bridge.

#### FROM:

John A. Corella, P.E. - City Engineer

#### **RECOMMENDATION:**

Staff recommends approval of an agreement with the City of Palm Springs for the funding of the local share of the PE, RW and CON phases to widen the Ramon Road Bridge over the Whitewater River Channel and associated street improvements and authorize the City Manager to execute the agreement on behalf of the City Council.

#### BACKGROUND:

The Cities of Palm Springs and Cathedral City share a common jurisdictional boundary along the centerline of Ramon Road between San Luis Rey Drive and Landau Boulevard, including the existing Ramon Road Bridge over the Whitewater River. The purpose of the Ramon Road over the Whitewater River Channel Project (Project) is to eliminate the current roadway lane constrictions across the existing Bridge and westerly to San Luis Rey Drive by widening both.

The City of Palm Springs has agreed to act as the lead agency for this Project. The purpose of this Funding Agreement is to confirm the City of Cathedral City's obligation to reimburse the City of Palm Springs for its share of the Project. Previous City Council actions include the approval of an Agreement with The City of Palm Springs to fund the local share of the Project Study Report, which was used to obtain the Project funding from Caltrans and a Cooperative Agreement outlining the local cost sharing for the PE Phase.

The Project has progressed to a point where the Project costs are more accurately defined and a new cost estimate has been prepared that quantifies the appropriate fair shares.

#### **DISCUSSION:**

The Federal Transportation Improvement Program (FTIP) has programmed a total of \$35,998,000 for

#### File #: 2017-444

all phases of the Project, divided as \$25,236,000 of Federal Highway Bridge Project funds and \$10,762,000 of local funds. Cathedral City and Palm Springs have entered into a separate agreement with the Coachella Valley Association of Governments ("CVAG") for Regional Measure A funding for the Project. The agreement with CVAG will provide Regional Measure A funds for 75% of the unfunded local portion of qualified Project costs, with the two cities responsible for 25% of the unfunded local portion.

The cost estimate, as shown on Exhibit A, has been revised to quantify appropriate fair share percentages of the various phases of the Project as determined by actual quantities, right of way and the construction costs based upon each jurisdiction.

## FISCAL IMPACT:

Cathedral City's obligation for its Local Share of each phase of Project costs is \$134,936 for the PE Phase; \$334,663 for the RW Phase; and \$1,210,657 for the CON Phase according to Exhibit A. Cathedral City's maximum obligation for its Local Share of all Phase costs shall not exceed \$1,680,257 without an amendment to this Funding Agreement.

Funding for the Project will come from the following accounts:

#### TITLE:

# Amended and Restated Land Use Contract between City and Agua Caliente Tribe

### FROM:

Charles P. McClendon, City Manager Eric S. Vail, City Attorney

### **RECOMMENDATION:**

Staff recommends the City Council approve the Amended and Restated Land Use Contract between the City and the Agua Caliente Tribe and authorize the Mayor to execute the Contract

#### BACKGROUND:

As a sovereign power, the Agua Caliente Band of Cahuilla Indians (the "Tribe") has land use regulatory authority over lands within their Reservation. Lands within the Reservation are either "Tribal Trust Lands" (land held in trust by the United States for the benefit of the Tribe), "Allotted Trust Lands" (land held in trust by the United States for the benefit of a member of the Tribe), and "On-Reservation Fee Lands" (land owned in fee by members or non-members for the Tribe that is within the boundaries of the Reservation). The Tribe has full authority to regulate land use on Tribal Trust Lands and Allotted Trust Lands, but the authority to regulate land use on On-Reservation Fee Lands is limited to situations where the owner has consented to such regulation or the owner undertakes activities that affect the political integrity, the economic security, or the health or welfare of the Tribe.

As the Tribe's Reservation is dispersed throughout the City, the Tribe has coordinated their land use regulation of certain Reservation lands with the City. In 1984, the City and the Tribe entered into an agreement whereby the Tribe agreed to subject Allotted Trust Lands located within the City subject to all land use laws, ordinances, codes, rules, regulations, or other similar enactments of the State and of the City, with certain exceptions (the "1984 Land Use Agreement"). Subsequent to the approval of the 1984 Land Use Agreement, the Tribe adopted Tribal Ordinance No. 10(b) making the City's land use and related regulations applicable to Allotted Trust Lands within the City. The 1984 Land Use Agreement was amended in 1987. In 1997, a similar land use agreement was executed between the Tribe and the City applicable to Allotted Trust Lands within Sections 2 and 14 of the Tribe's Reservation, which at the time of the 1984 Land Use Agreement were in unincorporated Riverside County (the "1997 Land Use Agreement").

### DISCUSSION:

The proposed Amended and Restated Land Use Contract would supersede the 1984 Land Use Agreement and the 1997 Land Use Agreement. The terms of the proposed Amended and Restated Land Use Contract are by and large consistent with the terms of the 1984 and 1997 Land Use Agreements. As with the prior agreements, the Tribe will retain the sole land use authority over Tribal Trust Lands. Through the Contract, the Tribe agrees to make Allotted Trust Lands in the City subject to the City's land use regulations and administrative processes with certain exceptions, most notably outdoor advertising regulations and historic preservation regulations. Developments on Allotted Trust Land are subject to the City's development impact fees and dedication requirements. The Tribe retains the right to decline to have development impact fees apply to Allotted Trust Lands if the Tribe determines that they are unconstitutional under the federal or State constitutions. This power is also in the 1984 and 1997 Agreements and to staff's knowledge the Tribe has never exercised this right.

Developments on Allotted Trust Lands are subject to appeal to the Tribal Council after appeals through the City have been exhausted. The Contract requires the Tribal Council to meet with the City to review the appeal before making a final decision on the appeal, unless the City agrees to waive the right to meet. This appeal provision is consistent with existing provisions in the 1984 and 1997 Agreements. To staff's knowledge there has never been an appeal to the Tribal Council related to a development project on Allotted Trust Land in the City under the existing agreements.

## FISCAL IMPACT:

None.

## LAND USE CONTRACT Amended and Restated

This Land Use Contract (**"Contract"**) is made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2017 at Palm Springs, California, by and between the Agua Caliente Band of Cahuilla Indians, a federally recognized Indian tribe acting through its duly constituted Tribal Council (the **"Tribe"**) and the City of Cathedral City, a California municipal corporation (the **"City"**).

### **RECITALS**

- A. The Tribal Council of the Agua Caliente Band of Cahuilla Indians (the **"Tribal Council"**) is entering into this Contract and now acts pursuant to the inherent sovereign authority of the Tribe, and Article V, paragraphs a, b, i, l, and r, of the Constitution and Bylaws of the Agua Caliente Band of Cahuilla Indians (the **"Constitution"**).
- B. For purposes of this Contract, **"real property"** shall mean the land, that which is affixed to the land, that which is incidental or appurtenant to the land, and that which is immovable by applicable law. The Tribe is a federally recognized Indian tribe with the sole authority to regulate land use within the exterior boundaries of the Agua Caliente Indian Reservation (**"Reservation"**) on:
  - 1. Real property owned by any member of the Tribe that is held in trust by the United States or is subject to a restriction against alienation imposed by the United States; or real property owned by a member of any other federally recognized Indian tribe that is held in trust by the United States or is subject to a restriction against alienation imposed by the United States (collectively, "Allotted Trust Lands"); and
  - Real property owned by the Tribe that is held in trust by the United States or is subject to a restriction against alienation imposed by the United States ("Tribal Trust Lands"); and
  - 3. Real property not held in trust by the United States owned by members, or by non-members who have entered into consensual relationships with the Tribe or who undertake activities that affect the political integrity, the economic security, or the health or welfare of the Tribe (**"On-Reservation Fee Lands"**).
- C. The City is a municipal corporation formed pursuant to California law, which serves as an instrument of self-government for the residents within its geographical boundaries ("City Limits"), and is authorized pursuant to the California Constitution to make and enforce within City Limits all local, policy, sanitary, and other ordinances and regulations not in conflict with the City's charter and applicable general laws.

- D. As of the date of execution of this Contract, approximately 2,250 acres of Allotted Trust Lands are located on the Reservation and within City Limits. The Tribe, as a sovereign tribal government, has the authority to establish and impose its own land use controls (e.g., general plan, zoning, environmental review, building standards, and permits) within its jurisdiction, including on the Allotted Trust Lands of the Reservation. The Tribe, however, has chosen to coordinate its land use actions with those of the City and surrounding communities as a means of promoting the highest and best use of those Allotted Trust Lands and adjacent Off-Reservation lands within City Limits and throughout the region.
- E. The City desires to provide a high level of planning, public safety, and other municipal services to all residents and businesses within City Limits. The City believes that Allotted Trust Lands within City Limits should equally benefit from consistent planning, public safety, and other municipal services.
- F. In January of 1984, the Tribe and the City entered into that certain Agreement dated January 17, 1984 (the **"1984 Land Use Agreement"**) whereby the Tribe:
  - 1. Agreed to adopt and make applicable to all Allotted Trust Lands located within City Limits all of the laws, ordinances, codes, rules, regulations, or other similar enactments of the State and of the City, with certain exceptions, which control the use and/or development of all of the said Allotted Trust Lands; and
  - 2. Designated the City to be and to act as the Tribe's agent in the enforcement and general administration of the said measures with respect to said Allotted Trust Lands, with certain exceptions; and
  - 3. Adopted and made applicable the City's land use controls to those Allotted Trust Lands located within City Limits.
- G. In accordance with the 1984 Land Use Agreement, in January of 1984, the Tribe enacted Tribal Ordinance No. 10(b) entitled "An Ordinance Adopting and Making Applicable to All Trust Lands of the Agua Caliente Indian Reservation Located Within the City Limits of the City of Cathedral City, California the Land Use, Land Planning, Land Development, and Related Regulations of the Said City and of the State of California." Tribal Ordinance No. 10(b) adopts and applies, as the Tribe's own laws, all of the laws, ordinances, codes, rules, regulations, and other similar enactments of the State and of the City, with certain exceptions, which control the use and/or development of all of the Allotted Trust Lands within City Limits.
- H. On February 18, 1987, the Tribe and the City amended the 1984 Land Use Agreement (Supplement No. 1) to comply with 25 U.S.C. § 81, and requested the Bureau of Indians Affairs approval of the 1984 Land Use Agreement with Supplement No. 1. The Assistant

Secretary of Indian Affairs approved the 1984 Land Use Agreement with Supplement No.1 pursuant to 25 U.S.C. § 81 on May 18, 1987.

- I. In June of 1997, the Tribe and the City entered into that certain Land Use Regulation Agreement (the **"1997 Land Use Agreement"**) whereby:
  - 1. Allotted Trust Lands within Sections 2 and 14, which are located on Reservation but at the time were located within the unincorporated territory of the County of Riverside (the **"County"**), were to be subject to all of the laws, ordinances, codes, rules, regulations, or other similar enactments of the State and of the City, which control the use and/or development of land within City Limits. The 1997 Land Use Agreement was to become effective for Sections 2 and 14 upon their removal from the County Land Use Contract between the Tribe and the County.
  - 2. The Tribe designated the City to be and to act as the Tribe's agent in the enforcement and general administration of the said measures with respect to said Allotted Trust Lands within Sections 2 and 14, with full authority to act as such, with certain exceptions.
- J. This Contract supersedes all prior agreements regarding land use between the Tribe and the City, including the 1984 Land Use Agreement and 1997 Land Use Agreement, and any amendments thereto, in their entirety.
- K. As provided herein, the Tribe and the City desire to have uniform and unified land planning and land use administration for Allotted Trust Lands located within City Limits.

NOW, THEREFORE, in consideration of the mutual conditions and promises contained herein, and based on the recitals set forth above and the acknowledgments set forth below, the parties recognize that it is in their mutual best interest and benefit to agree as follows.

# TERMS OF AGREEMENT

- **1. Term.** The term of this Contract shall commence on the date of its execution by both the Tribe and the City until terminated as provided herein or superseded.
- 2. Tribal Land Use Control Ordinance. Tribal Ordinance No. \_\_\_\_, "Local Government Land Use Ordinance" remains in effect as amended, renumbered, or redesignated from time to time.
- **3. Scope.** This Contract shall only apply to Allotted Trust Lands within City Limits, except as provided herein, and shall not apply to Tribal Trust Lands. The Tribe reserves its inherent sovereign authority to regulate land use on Allotted Trust and Tribal Trust Lands. Nothing

contained herein shall be construed or interpreted as a waiver of the Tribe's inherent sovereign authority to regulate land uses on said lands.

4. **Content of the Tribal Land Use Control.** For Allotted Trust Lands within City Limits, as City Limits exist now or may exist in the future, the applicable comprehensive set of land use controls shall consist of all land use related ordinances, resolutions, and similar enactments of the City and the related statutes required to be administered by the City as noted below.

The aforementioned comprehensive set of land use controls shall, unless limited herein, include:

- (a) General plans and specific plans;
- (b) Zoning laws and regulations;
- Laws and regulations that authorize an owner of real property to deviate from development standards otherwise applicable to the property (i.e., variances);
- (d) Laws and regulations that authorize particular uses of real property subject to conditions not generally applicable to real property similarly zoned (i.e., conditional use and other similar permits);
- (e) Subdivision laws and regulations;
- (f) Building, grading, and other laws and regulations related to the construction and occupancy of buildings;
- (g) Design review laws and regulations;
- (h) Environmental laws and regulations except as pre-empted by the National Environmental Policy Act (NEPA); and
- (i) Matters directly related to the above, except as noted in Paragraph 6 below.

The Tribe and the City each reserve the right to seek an amendment to this Contract altering any of the above at any time.

5. Designation of City as Tribe's Agent. The Tribe designates and engages the City to be and to act as the Tribe's agent in the enforcement and administration of the measures described in Paragraph 4 above with respect to Allotted Trust Lands within City Limits, with full authority to act as the Tribe's agent, except as noted

in Paragraph 6 below. The purpose of such agency is to ensure that the City will apply and enforce the same development standards and procedures, except as noted herein, within City Limits, whether original jurisdiction lies with the Tribe or the City.

## 6. Limitations.

- (a) <u>Tribal Trust Lands</u>. This Contract shall not apply to Tribal Trust Lands.
- (b) <u>Tribal and Federal Law</u>. This Contract is not intended, and shall not be construed, to permit any violation of Tribal or federal law applicable to Allotted Trust Lands, Tribal Trust Lands, and On-Reservation Fee Lands within City Limits (e.g., Tribal Ordinance No. 13, Tribal Ordinance No.\_\_, and the Federal Controlled Substances Act, 21 U.S.C. §§ 801 et seq.).
- (c) <u>Outdoor Advertising</u>. This Contract is not intended, and shall not be construed, to exempt any person from complying with the requirements of Tribal Ordinance No. 13, "Outdoor Advertising Displays," as amended, renumbered, or re-designated from time to time. By its execution of this Contract, the Tribe does not designate the City as the Tribe's enforcement agent for Tribal Ordinance No. 13. The Tribe will enforce the Ordinance itself. The Tribe agrees to notify the City of any permits issued by the Tribe for new outdoor advertising displays within City Limits.
- (d) <u>Historic Preservation</u>. This Contract is not intended, and shall not be construed, to delegate the functions of the State Historic Preservation Officer that the Tribe assumed with respect to **"tribal land,"** as that term is defined in 54 U.S.C. § 300319, pursuant to that certain Agreement Between the National Park Service, U.S. Department of the Interior and the Agua Caliente Band of Cahuilla Indians for the Assumption by the Tribe of Certain Responsibilities Pursuant to the National Historic Preservation Act (16 U.S.C. 470) dated September 15, 2005 (**"2005 NHPA Agreement"**), in accordance with Section 101 of the National Historic Preservation Act, 54 U.S.C. §§ 300101 et seq., and applicable implementing regulations at 36 C.F.R. Part 60 and Part 800, as such laws and regulations may be amended, renumbered, or re-designated from time to time, or to delegate the Tribe's sole authority to review and approve the designation of historic, cultural, and tribal resources of significance on Allotted Trust Lands.
- 7. **Consideration.** The Tribe, for the benefit of the community and in order to assure the highest level of planning and development and in consideration of providing the above services, hereby permits the City to collect and retain all fees as they now exist or may exist in the future which provide direct compensation to the City

for its actual costs in carrying out its duties as the Tribe's agent, subject to the limitations described herein.

8. Fees for Development Projects. As used herein, "development fee" means a monetary exaction, other than a tax or special assessment, which is charged by the City to the property owner or developer or lessee in connection with approval of a development project for the purpose of defraying all or a portion of the costs of public services and community amenities resulting from the development project, whether imposed by a legislative action of the City pursuant to the Mitigation Fee Act (California Government Code sections 66000 – 66025) or on an ad hoc basis, but does not include fees for the processing of City regulatory actions or approvals as described in Paragraph 7, or fees that are established and imposed through a development agreement or other contract entered into by and between the City and the property owner, developer or lessee. Subject to paragraph 3 of this section, the City may impose and collect development fees on developments proposed for Allotted Trust Lands.

In addition to development fees applicable to development projects in the City, applicants for development may be required to dedicate land as needed, to provide for rights-of-way for public improvements such as streets and drainage for the term of the lease or permanent rights-of-way with the approval of the Secretary of the Interior. The City will provide to the Tribe, as necessary, a list of needed right-of-way dedications on Allotted Trust Lands. Such right-of-way dedications shall not conflict with any federal statutes or regulations regarding road rights-of-way on Indian land, particularly but not limited to 25 U.S.C. §§ 314, 323-325 and 357, and 25 C.F.R. Part 169.

Following the execution of this Contract, the City shall provide mailed notice to the Tribe of any adoption of any anticipated legislative action to adopt any new development fee or increase any existing development fee, together with a statement justifying such new or increased fee, at least fourteen (14) days prior to adoption. The City shall also consult with the Tribe prior to the adoption of any such new or increased fee, if consultation is requested by the Tribe. Within sixty (60) days after receipt of the notice of adoption of such new or increased fee, the Tribe may take formal action to specifically decline to apply to the Allotted Trust Lands any such new or increased fees deemed unjustified (e.g., unconstitutional under Federal or state law, such that the fees exceed the reasonable cost of providing services or regulatory activity, or are for general revenue purposes) by the Tribe. Unless so declined by the Tribe, all such new or increased fees shall be applicable to the Allotted Trust Lands and may be imposed and collected by the City.

**9. Exception to Scope of Agency.** This Contract is not intended, and shall not be construed, to operate, limit, or impair the authority of the U.S. Department of the Interior and the Bureau of Indian Affairs to negotiate, execute, approve, or otherwise administer existing and future leases or rights-of-way on Allotted Trust Lands, or to eliminate or substantially impair any existing land use under an

approved lease. Since the Tribe cannot substantially interfere with the federal leasing function, it cannot delegate any such authority to the City.

- **10. Immunity.** This Contract is not intended, and shall not be construed, to limit or waive the sovereign or governmental immunity from suit enjoyed by either party.
- 11. Appeals. Any person aggrieved by final action of the City in matters within the scope of this agency affecting Allotted Trust Lands may appeal to the Tribal Council for relief, according to the terms of Tribal Ordinance No. 5, "Tribal Land Use Appeal Ordinance," as amended, renumbered, or re-designated from time to time. The Tribal Council, in accordance with the Tribal Land Use Appeal Ordinance, after notice and opportunity for hearing and on the basis of the entire record, may affirm, reverse, or modify any decision of the City on such a matter affecting Allotted Trust Lands as specified in said Tribal Ordinance, and the decision of the Tribal Council shall be final. The Tribal Council shall meet jointly with the City to review an appeal before making a final decision, as specified in the Tribal Land Use Appeal Ordinance, unless the City unilaterally deviates from the joint meeting requirement, thus waiving the City's right to a joint meeting prior to final Tribal decision on the appeal.
- 12. Consultation and Cooperation. In order to facilitate the regular presentation of the Tribe's views to the City on matters within the scope of this agency and as part of the normal processing of applications and other matters within the scope of this agency, the City will give the Tribe reasonable advance notice (e.g., at the time of distribution of project plans to local utilities for input) of all such matters so that the Indian Planning Commission will be able to evaluate all such matters and present its recommendations to the Tribal Council which, in turn, will present its recommendations to the Tribal Council which, in turn, will present its recommendations to the City in time for such recommendations to be considered by the City staff, City Planning Commission, and City Council.
- **13. Best Efforts.** The parties shall exert their best effort to keep this Contract in good standing and to serve as the basis for a mutually beneficial relationship which will encourage and assist the uniform and unified development of all Allotted Trust Lands, and adjacent non-trust lands located within City Limits, in an orderly, expeditious, and professionally sound manner.
- 14. Joint Interest Regarding Challenge. If any third party who is a land use applicant with an application involving any of the subject land use controls specified in Paragraph 4 takes formal court action to challenge any action taken by the City as the Tribe's agent or the Tribe or Tribal Council affirming, reversing, or modifying any decision of the City, as provided herein, whether with or without an appeal having been filed, as provided herein, the City and the Tribe will immediately consult to develop a unified response. The Tribe and the City will coordinate action to address a defense against any such challenge, such as providing

declarations or copies of documents, assisting legal counsel, preparing and filing an amicus curiae brief, or Tribal intervention as a party in litigation, depending on the nature and scope of this challenge.

In any such legal proceedings, the City and the Tribe may each engage and pay for separate or additional legal counsel, at the option of each and, in appropriate cases, may, by separate agreement, agree to engage joint counsel on terms specified in that agreement. It is acknowledged by the Tribe that the City routinely imposes, as a general land use condition of approval, a requirement that the applicant for a land use application indemnify, defend, and hold harmless the City against any legal action brought by third parties challenging the City's approval of the land use application.

- **15.** Notice of Appeal Rights. In order to inform developers and others of the availability of appeals of final City actions to the Tribal Council, as provided above, and to make clear the nature of the existence of the agency created by this Contract, the City will provide notice of the availability of the right to appeal any City actions and that such appeal to the Tribal Council must occur prior to filing any legal challenge to any action undertaken by the City. The contents of such notification language will be substantially as agreed upon by Tribal and City representatives.
- **16. Termination.** Either party may terminate this Contract, without prejudice to the legal position thereafter asserted, upon thirty (30) days written notice to the other party. In the event of such termination of this Contract, any development project previously granted approval by the City shall continue to be bound by the terms and conditions of such approval.

City Council

## **MEETING DATE: 11/8/2017**

#### TITLE: Special Use Provisions for Cannabis Events

#### FROM:

Charlie McClendon, City Manager

#### **RECOMMENDATION:**

This item is provided for information, discussion and direction only.

#### BACKGROUND:

Board members from the Cathedral City Senior Center have inquired about the possibility of holding a Cannabis Expo in April 2018 as a fundraiser for the Senior Center. CM Kaplan requested a study session item to gage interest in making the necessary code revisions and in allowing such an event on City-owned property.

#### DISCUSSION:

The event, as envisioned by the promoters, would allow for the display and sale of cannabis products by licensed retailers from the area. It would also feature exhibits by other vendors in the field of wellness and holistic approaches to health and wellness. On-site consumption would not be permitted.

The Cathedral City code does not presently have any provisions to allow licensees to sell their products at an off-site special event. It is questionable whether provisions in the state law related to County Fairs and Agricultural District events could be applied to an event like the one under consideration. Otherwise there do not appear to be any provisions in state law allowing such an event, although final regulations have not yet been released.

Council should consider and provide direction to staff regarding their willingness to amend the Cathedral City code to allow special events such as this and also whether such events should be allowed on City property. The promoters of the event should probably check with potential vendors to see if they are willing to use their licenses for such an event given the uncertainty surrounding the state position relative to the event.
